The UFO Experience Reconsidered Moon Books Schooner Moon Books,Robert L. Mason,2008-02-01 This book was inspired by and is loosely based on The UFO Experience A Scientific Inquiry 1972 by the late Dr J Allen Hynek Dr Hynek s book is generally considered to be the most influential book ever written about UFOs but much has happened since 1972 This new book not only brings us up to date but extrapolates on current science whenever possible Perspectives are offered in three basic categories natural causes domestic technology and alien technology But perhaps more importantly a new way of looking at the phenomena is proposed that has been largely overlooked by other authors and which finds itself at home in any of these three possibilities The reader will not find discussion of conspiracy theories accounts of abductions or metaphysical and supernatural hypotheses However one will find speculations about possible alien visitations what alien technology might be capable of or what the distant future might hold
