Sheppard,2016-04-30 British Archives is the foremost reference guide to archive resources in the UK Since publication of the first edition more than ten years ago it has established itself as an indispensable reference source for everyone who needs rapid access on archives and archive repositories in this country Over 1200 entries provide detailed information on the nature and extent of the collection as well as the organization holding it A typical entry includes name of repository parent organization address telephone fax email and website number for enquiries days and hours of opening access restrictions acquisitions policy archives of organization major collections non manuscript material finding aids facilities conservation publications New to this edition email and web address expanded bibliography consolidated repository and collections index **HOSTILE** Paul Elliott, Japanese War Crimes and Related Topics: A Guide to Records at the National Archives United States. National Archives and Records Administration,200? This finding aid will help researchers interested in Japanese war crimes war criminals and war crimes trials to navigate the vast holdings of the U S National Archives and Records Administration at College Park NARA It will also be useful to anyone interested in military intelligence political diplomatic economic financial social and cultural activities in the Far East during 1931 1951 as well as to those searching for information regarding Allied prisoners of war the organization functions and activities of American and Allied agencies and the Japanese occupation of countries and the American occupation of Japan While not aimed at researchers interested in the strategic and tactical military and naval history of the war in the Far East this finding aid may nevertheless be useful to those with such interests if only to identify record groups and series of records that may bear on those topics This finding aid covers records from over twenty record groups and includes materials declassified under the Japanese Imperial Government Disclosure Act of 2000 P L 106 567 as well as records that were never classified and those declassified before the passage of the Disclosure Act Because the process of identifying declassifying accessioning and processing of records under the Act is taking place as this finding is being compiled late arriving records may not be identified in this finding aid Researchers should consult the IWG Web site <http://www.archives.gov/iwg> for a complete and up to date list of records declassified under the Japanese Imperial Government Disclosure Act Federal agencies involved in the identification and declassification of relevant classified records ascertained

that there were relatively few pertinent records that were still classified Most relevant records were either never classified or were declassified decades before the Act and were already in NARA s custody While this finding aid s coverage is broad it is not comprehensive Researchers may find other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and donated material related to World War II including records related to the subjects covered in this finding aid This is particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Think of archives as vast mountain ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new perspectives when examined with fresh eyes and imagination

identity along with new political institutions to repair the divisions between the formerly exiled government the collaborationists and the members of resistance These momentous years of struggle in the Philippines changed the tide of history and challenge our understanding of war and resistance AF Manual United States.
