Charting and Technical Analysis Fred McAllen, 2012-04-06 To invest successfully or trade in Stocks Options Forex or even Mutual Funds it is imperative to know AND understand price and market movements that can only be learned from Technical Analysis You should NEVER attempt Trading or Investing without it My 25 years experience has taught me that every book on the market regarding Charting and Technical Analysis is seemingly worthless All seem to find yet another creative way to tell you to Buy Low and Sell High And they offer NO in depth understanding or analysis about WHO is buying and WHO is selling and when Point is anyone experienced or not can show you a picture of a Chart and tell you to buy at the bottom and sell at the top That is simple hindsight and is always 20 20 This book is different It is IN DEPTH EXPLAINED and you WILL learn price movements and technical analysis from this information You will understand and recognize tops and bottoms in the market and in particular stocks AS they are forming This is highly valuable information and you should NEVER attempt to trade or invest without this knowledge Mutual Funds Most people think they do not need this information because they have a Mutual Fund That could not be farther from the truth Investing your hard earned money should be done with your own knowledge of market direction when to buy and when to move your money to safety Without this knowledge you are at the mercy of a salesperson hungry to earn a commission Thus invariably entering the market at the wrong time and in the wrong investment No one else has your best interest in mind So learn to protect your money or keep it in the bank It s that simple The next move is yours

Beyond Candlesticks Steve Nison, 1994-12-13 From the Father of Candlesticks penetrating new Japanese techniques for forecasting and tracking market prices and improving market timing Steve Nison has done it again The man who

revolutionized technical analysis by introducing Japanese candlestick charting techniques to Western traders is back this time with a quartet of powerful Japanese techniques never before published or used in the West. Stunningly effective on their own, these new techniques pack an even greater wallop when teamed up with traditional trading, investing, or hedging strategies. And Steve Nison shows you how to do it. *Beyond Candlesticks* provides step-by-step instructions, detailed charts and graphs, and clear-cut guidance on tracking and analyzing results. Everything you need to pick up these sharp new tools and take your place at the cutting edge of technical analysis. Critical praise for Steve Nison's first book destined to become the classic reference on the subject. Charles LeBeau and David Lucas, *Technical Trader's Bulletin*. I believe Steve Nison's new candlestick book is destined to become one of the truly great books for this time period. Whether you trade futures, commodities, or equities, day trade or hold positions overnight, this book is a must. Lee Siegfried, *Investor's Library*. Data Broadcasting Corp. It is hard to be too effusive about the quality of Nison's work; this is clearly one of the best investment books ever written in terms of covering a subject with pedagogical ability and writing skill. The organization is impeccable; reading it was a pleasure. *Commodity Traders' Consumer Report*. *Essentials of Technical Analysis*. Dr. Alex Tang, 2017-03-14. This book presents a roundup of tools in technical analysis. The major targeted readers are university undergraduates and investors who want to have a basic understanding of the nuts and bolts related to technical analysis. The book first discusses some basic and traditional tools and then moves on to study the more advanced mathematical techniques like neural network and program trading.
