It also follows on from our Book D. Again, it is brightly coloured, full of clip art, and covers the entire content of the Level E course. With pupils who have already gained a Level D in Primary 7 or S1. With Pupils who have partially progressed through the Level E Textbook in Primary or in S1. As an alternative for those pupils who had been tested at level E and require a second bite at it. As a Fast Tracking course for those brighter pupils in S1 or S2 who would cope with the accelerated pace, it provides. It can be used to condense the S1 2 course into a ONE year course for those pupils who had already gained a National Test level D in Primary or early Secondary. It should prepare pupils to sit maths level E national test or equivalent in 1 year. There are no A and B exercises. It basically covers the entire Level E course without the teacher having to pick and choose which questions to leave out and which exercises are important. They all are. Unlike other commercial resources out at present or in production, it will cover the important work of level E in ONE textbook. It should prove to be an invaluable aid to the fast tracking of pupils in S1 2 and allow them to begin their Credit or Intermediate 2 course at the beginning of S2 or at the latest by Christmas time. It contains a 4 page Chapter Zero which primarily revises every topic at level D and can be used as a diagnostic tool. This could be
