Unisa Closing Date For 2014 Registration

Rachel Sandford

Unisa Closing Date For 2014 Registration:

Handbook of Open Universities Around the World Sanjaya Mishra, Santosh Panda, 2025-06-27 The Handbook of Open Universities Around the World is the first collection to provide a comprehensive and critical overview of open universities internationally Over 80 open universities have been established across five continents to provide a distance orientated class inclusive and high quality education for learners left behind by existing formal systems for higher and continuing education and lifelong learning This mission has been continually reshaped by major developments in open education learning technologies and online social networking as well as by the evolution of specific concerns such as the massification of education employability financial trends artificial intelligence and development agendas on the regional national and global levels This landmark volume analyzes and reflects on the planning organization management pedagogic skilling and employability and accreditation dimensions of 47 open universities in relation to their national and institutional contexts the internationalization of education and the integration of advanced learning technologies Featuring contributions by internationally recognized scholars practitioners and educational administrators this authoritative resource provides insights into the business model finances operations instructional systems enrollment patterns learner supports quality assurance professional development and more of today s open universities Through historical trajectories institutional profiles case studies lessons learned and best practices this book provides rich analytical perspectives on the status and challenges of single mode distance learning universities as an educational phenomenon while unpacking the premise of openness itself This Handbook is primarily written for planners managers administrators instructional designers and teaching faculty at single mode distance teaching universities who are seeking to sustain their institutions in a period of rapid change government policymakers training organizations technology providers and education think tanks who are in need of authentic and research based information on technology enabled learning modeled by open universities around the world and graduate students teaching faculty and scholars who are affiliated with online and distance education learning design and technology higher education planning and management adult education and lifelong learning and education policy and future studies Chapter 54 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license Watch a stimulating discussion between the book s volume editors and Sir John Daniel and Professor Stephen Murgatroyd on YouTube

A Handbook on Legal Languages and the Quest for Linguistic Equality in South Africa and Beyond Zakeera Docrat, Russell H Kaschula, Monwabisi K Ralarala, 2021-06-02 A Handbook on Legal Languages and the Quest for Linguistic Equality in South Africa and Beyond is an interdisciplinary publication located in the discipline of forensic linguistics language and law This handbook includes varying comparative African and global case studies on the use of language s in courtroom discourse and higher education institutions Kenya Morocco Nigeria Australia Belgium Canada and India These African and global case studies

form the backdrop for the critique of the monolingual English language of record policy for South African courts the core of this handbook discussed in relation to case law and the beleaguered legal interpretation profession This handbook argues that linguistic transformation and decolonisation of South Africa s legal and higher education systems needs to be undertaken where legal practitioners are linguistically equipped to litigate in a bilingual multilingual courtroom that enables access to justice for the majority of African language speaking litigants enforcing their constitutional language rights

Open and Distance Education in Asia, Africa and the Middle East Olaf Zawacki-Richter,Adnan Qayyum,2019-02-18 This book is open access under a CC BY 4 0 license This book describes the history structure and institutions of open and distance education in six countries China India Russia Turkey South Africa and South Korea It describes how open and distance education is evolving in a digital age to reflect the needs and circumstances of the national higher education systems in these countries It also explores the similarities and differences between how their open and distance higher education systems are managed and structured This book is the second in a series following Open and Distance Education in Australia Europe and the Americas Springer 2018 Both books compare and draw conclusions about the nature of open and distance education in the context of various national higher education systems In a digital era characterized by the growing use of online open and distance education this book will prove particularly valuable for policy makers and senior administrators who want to learn about establishing or expanding open and distance education services In addition it offers a valuable reference guide for researchers academics and students interested in understanding the different approaches to open and distance education

Mining goes Digital Christoph Mueller,Winfred Assibey-Bonsu,Ernest Baafi,Christoph Dauber,Chris Doran,Marek Jaszczuk,Oleg Nagovitsyn,2019-05-22 The conferences on Applications for Computers and Operations Research in the Minerals Industry APCOM initially focused on the optimization of geostatistics and resource estimation Several standard methods used in these fields were presented in the early days of APCOM While geostatistics remains an important part information technology has emerged and nowadays APCOM not only focuses on geostatistics and resource estimation but has broadened its horizon to Information and Communication Technology ICT in the mineral industry Mining Goes Digital is a collection of 90 high quality peer reviewed papers covering recent ICT related developments in Geostatistics and Resource Estimation Mine Planning Scheduling and Dispatch Mine Safety and Mine Operation Internet of Things Robotics Emerging Technologies Synergies from other industries General aspects of Digital Transformation in Mining Mining Goes Digital will be of interest to professionals and academics involved or interested in the above mentioned areas **Bioactive**

Compounds, Functional Ingredients, Antioxidants, and Health Benefits of Edible Plants Hosam O. Elansary , Eman. A. Mahmoud,2024-05-28 Edible plants are rich in bioactive compounds that have physiological effects such as anticancer antioxidant anti inflammatory and antimicrobial activities Natural plant extracts are frequently used to prolong the shelf life of fresh and processed foods therefore preserving their quality and safety Phytochemical studies of extracts and biological

activities of various plant organs are also important in the food and human nutrition industries They have the potential to pave the path for the commercialization of other plants by developing new applications for the food sector Plant bioactive compounds represent a promising research objective for plant breeders producers and food processing industries

Pharmacy Education in the Twenty First Century and Beyond Ahmed Fathelrahman, Mohamed Izham Mohamed Ibrahim, Alian A. Alrasheedy, Albert Wertheimer, 2018-04-17 Pharmacy Education in the Twenty First Century and Beyond Global Achievements and Challenges offers a complete reference on global pharmacy education along with a detailed discussion of future issues and solutions This book begins with a brief overview of the history of pharmacy education covering all levels of education and styles of learning from undergraduate continuing professional education and methods for self learning and development Teaching strategies such as team based learning problem based learning and interdisciplinary education are also described and compared to conclude why certain pharmacy programs attract students and why educators prefer particular teaching strategies assessment tools and learning styles As a result this book provides pharmacy educators administrators students and practitioners with a comprehensive guide to pharmacy education that will enable readers to choose the best approaches to improve reform or select a program based on worldwide experience and the latest available evidence and research Describes and discusses the advantages and disadvantages associated with different types of pharmacy curricula degree programs styles of learning teaching strategies and more Edited and written by a team of authors to provide diverse global experiences and insights into what factors make a program attractive and successful Covers important topics in pharmacy education such as quality and accreditation issues the business of pharmacy education leadership and similarities

Management Science in Hospitality and Tourism Muzaffer Uysal, Zvi Schwartz, Ercan Sirakaya-Turk, 2017-03-03 Management Science in Hospitality and Tourism is a timely and unique book focusing on management science applications The first section of the book introduces the concept of management science application in hospitality and tourism and related issues to set the stage for subsequent sections Section II focuses on management science applications with conceptual pieces empirical applications and best practices with examples coming from different parts of the world and settings The last section ends with a chapter focusing on challenges and future research directions This book goes beyond revenue management topics and presents a broad range of topics in management science applications as they relate to hospitality and tourism cases Researchers and students in hospitality and tourism will find this book very useful since it contains chapters on data analytics e commerce and technology revenue and yield management optimization methods resource allocation goal programming dynamic programming Markov chain models trends analysis and detection measuring potential and attractiveness in tourism development performance measures and use of indices in hospitality and tourism and more There is a heightened interest in these areas of business applications in today s data driven business environment and this book addresses that interest This book is the only comprehensive text on management science applications in hospitality

and tourism It will help managers and hospitality and tourism students as future managers to develop an in depth understanding of the importance of data analysis interpretation and generating information and intelligence for decision making It covers a broad range of applications representing different geographic regions of the world **Universities and Sustainable Communities: Meeting the Goals of the Agenda 2030** Walter Leal Filho, Ubiratã Tortato, Fernanda Frankenberger, 2019-09-25 The book showcases examples of university engagement in community initiatives and reports on the results from research and from a variety of institutional projects and programmes As a whole the book illustrates how actors at the community microlevel and other levels meso and macro can make valuable and concrete contributions to the implementation of the Sustainable Development Goals SDGs and more specifically to achieving the objectives defined at the 2030 Agenda for Sustainable Development It is one of the outcomes of the Second World Symposium on Sustainability Science which was jointly organised by the Pontifícia Universidade Católica do Paraná Brazil the Research and Transfer Centre Sustainable Development and Climate Change Management and the European School of Sustainability Science and Research at Hamburg University of Applied Sciences Germany in cooperation with the Inter University Sustainable Development Research Programme IUSDRP **ECKM2014-Proceedings of the 15th European conference on Knowledge Management** Carla Vivas, 2014-10-01 The world economy in which we are living poses challenges that lead to a realization that more of the same will be difficult to sustain This provides an illustration that in order to create new or modified knowledge practices strengthen customer relationships and thus positively influence customer satisfaction organizations must be flexible in configuring combining knowledge and knowledge structures in a way that is appropriate for delivering value to the customer It must simultaneously develop effective strategies for updating the knowledge of its staff members necessary for underpinning the creation and delivery of appropriate knowledge services Thus unlearning forgetting becomes a critical means for organizational success The ECKM community of scholars has already initiated dialogue that links its particular strengths to innovation issues This conference aims to further that dialogue by attracting leading edge work that leverages the ECKM community's in depth understanding of learning and unlearning to better understand knowledge management Our aim is to stimulate breakthrough research streams linking learning unlearning and knowledge management How can organizations tailor use and extend techniques and tools from knowledge management for improving their business practices and processes Building upon existing work on knowledge management KM and organizational learning the conference will promote interdisciplinary approaches from computer science and information systems business management and organization science as well as cognitive science Emphasis will be put on systematic learning from experience KM tools and KM success factors A special interest belongs to knowledge management initiatives which are lightweight i.e. do not place considerable additional burden on users and KM experts allow an incremental adoption i.e. do not require large up front investment before any return of investment is at least visible and are flexible regarding frequent changes in experts and

topics Continuing the success of the ECKM conference series since 2000 the 2015 conference will provide an international communication forum bringing together academia and industry for discussing the progress made and addressing the challenges faced by continuous learning in knowledge intensive organizations

on Social Media Academic Conferences and Publishing Limited,2017-07-03 **ECSM 2017 4th European Conference on Nanomaterials for Energy Conversion, Biomedical and Environmental Applications** Kaviyarasu Kasinathan,Mohamed S. Elshikh,Dunia Abdul-Aziz Al

Farraj,2022-11-11 This book highlights a multidisciplinary system for the future while protecting our environment Certainly the main objective of the proposed book has addressed several issues and bringing a good platform to understanding for future developments in metal oxide nanostructures for energy conversion biomedical and environmental management however which is support carrier for antibacterial behaviors pathogen infections and bioinspired materials for energy savings and environmental impacts Appropriately I recommend the book to undergraduates postgraduates and doctoral students those who are working in materials science and researchers across the world working in interdisciplinary research

Frontiers in Water-Energy-Nexus—Nature-Based Solutions, Advanced Technologies and Best Practices for Environmental Sustainability Vincenzo Naddeo,Malini Balakrishnan,Kwang-Ho Choo,2019-09-18 This volume includes selected contributions presented during the 2nd edition of the international conference on WaterEnergyNEXUS which was held in Salerno Italy in November 2018 This conference was organized by the Sanitary Environmental Engineering Division SEED of the University of Salerno Italy in cooperation with Advanced Institute of Water Industry at Kyungpook National University Korea and with The Energy and Resources Institute TERI India The initiative received the patronage of UNESCO World Water Association Programme WWAP and of the International Water Association IWA and was organized with the support of Springer MENA Publishing Program Arab Water Council AWC Korean Society of Environmental Engineering KSEE and Italian Society of Sanitary Environmental Engineering Professors GITISA With the support of international experts invited as plenary and keynote speakers the conference aimed to give a platform for Euro Mediterranean countries to share and discuss key topics on such water energy issues through the presentation of nature based solutions advanced technologies and best practices for a more sustainable environment This volume gives a general and brief overview on current research focusing on emerging Water Energy Nexus issues and challenges and its potential applications to a variety of environmental problems that are impacting the Euro Mediterranean zone and surrounding regions A selection of novel and alternative solutions applied worldwide are included The volume contains over about one hundred carefully refereed contributions from 44 countries worldwide selected for the conference Topics covered include 1 Nexus framework and governance 2 Environmental solutions for the sustainable development of the water sector 3 future clean energy technologies and systems under water constraints 4 environmental engineering and management 5 Implementation and best practices Intended for researchers in environmental engineering environmental science chemistry and civil engineering This

volume is also an invaluable guide for industry professionals working in both water and energy sectors *Productivity Improvement in Manufacturing SMEs* Thomas Thinandavha Munyai,Boysana Lephohi Mbonyane,Charles Mbohwa,2017-12-12 This book focuses on the application of workstudy in productivity of manufacturing SMEs locally and abroad and also explores various industrial problems which face manufacturing SMEs in developing and underdeveloped countries in the rest of the world Low productivity is currently a serious challenge facing manufacturing SMEs where these SMEs are operating below expected production output levels which makes it difficult for them to compete in the global market SMEs are the engine drivers of economic growth one of which is manufacturing The challenge is that government from various countries in developing and underdeveloped countries mandated agencies in their respective areas to ensure that there is economic progress for these SMEs but productivity remains low in the manufacturing SMEs When SMEs do not perform well productivity of manufacturing SMEs declines and unemployment increases Thus an increase in unemployment results in a drop of GDP in the country and can become a global and economic crisis This book describes a process which enables the reader to use effective knowledge that addresses problems facing the productivity of manufacturing SMEs such as work study tools and case studies and provides solutions and applications to improve the running of the manufacturing SMEs in growing their productivity **Predictive Models for School Leadership and Practices** Amzat, Ismail Hussein,2018-09-07

A successful administrator is one who applies suitable or appropriate leadership styles in various situations or contexts It is crucial to investigate how effective administrators lead their organizations in challenging and difficult times as well as promote the accomplishments of their organization *Predictive Models for School Leadership and Practices* is an essential reference source that discusses academic administration as well as administrative effectiveness in achieving organizational goals Featuring research on topics such as teacher collaboration school crisis management and ITC integration this book is ideally designed for principals researchers academics educational policymakers and teachers seeking coverage on academic leadership and leadership models **Telemedicine and Electronic Medicine** Halit Eren,John G. Webster,2018-10-08 The *E Medicine E Health M Health Telemedicine and Telehealth Handbook* provides extensive coverage of modern telecommunication in the medical industry from sensors on and within the body to electronic medical records and beyond *Telemedicine and Electronic Medicine* is the first volume of this handbook Featuring chapters written by leading experts and researchers in their respective fields this volume Describes the integration of and interactions between modern eMedicine telemedicine eHealth and telehealth practices Explains how medical information flows through wireless technologies and networks emphasizing fast deploying wireless body area networks Presents the latest developments in sensors devices and implantables from medical sensors for mobile communication devices to drug delivery systems Illustrates practical telemedicine applications in telecardiology teleradiology teledermatology teleaudiology teleoncology acute care telemedicine and more The *E Medicine E Health M Health Telemedicine and Telehealth Handbook* bridges the gap between scientists

engineers and medical professionals by creating synergy in the related fields of biomedical engineering information and communication technology business and healthcare

22nd European Conference on e-Learning Shawren Singh, Sarah Jane Johnston, 2023-10-26 These proceedings represent the work of contributors to the 22nd European Conference on e Learning ECEL 2023 hosted by University of South Africa Pretoria South Africa on 26 27 October 2023 The Conference Co Chairs Associate Professor Sarah Jane Johnston and Associate Professor Shawren Singh both from University of South Africa Pretoria South Africa ECEL is now a well established event on the academic research calendar and now in its 22nd year the key aim remains the opportunity for participants to share ideas and meet the people who hold them The scope of papers will ensure an interesting two days The subjects covered illustrate the wide range of topics that fall into this important and ever growing area of research It is especially relevant that the conference is being hosted by UNISA this year as the university celebrates its 150th anniversary UNISA has been a pioneer in first distance and now e Learning The conference will also host the final round of the 9th e Learning Excellence Awards where innovate case histories will be presented The opening keynote presentation is given by Professor Thenjiwe Meyiwa Vice Principal for the Research Postgraduate Studies Innovation and Commercialisation at University of South Africa who will speak on The Role of African Feminisms in Shaping a Sustainable Future of Being and Learning An afternoon keynote on Thursday will be made by Dr Zolile Martin Mguda University of South Africa on the topic of ChatGPT The first year The second day of the conference will open with an address by Dr Isabel Tarling MD Limina South Africa with the title Developing Digital Standards for Learning and Teaching in South Africa s Schools With an initial submission of 100 abstracts after the double blind peer review process there are 45 Academic research papers 3 PhD research papers and 1 Masters Research paper published in these Conference Proceedings These papers represent research from Belgium Canada Chile Czech Republic France Germany Ghana Greece Hong Kong Ireland Japan Malaysia Mozambique Norway Oman Per Poland Portugal Romania Singapore South Africa Sri Lanka Sweden Switzerland Turkey and the United Kingdom

Electrode Materials for Energy Storage and Conversion Mesfin A. Kebede, Fabian I. Ezema, 2021-11-16

This book provides a comprehensive overview of the latest developments and materials used in electrochemical energy storage and conversion devices including lithium ion batteries sodium ion batteries zinc ion batteries supercapacitors and conversion materials for solar and fuel cells Chapters introduce the technologies behind each material in addition to the fundamental principles of the devices and their wider impact and contribution to the field This book will be an ideal reference for researchers and individuals working in industries based on energy storage and conversion technologies across physics chemistry and engineering FEATURES Edited by established authorities with chapter contributions from subject area specialists Provides a comprehensive review of the field Up to date with the latest developments and research Editors Dr Mesfin A Kebede obtained his PhD in Metallurgical Engineering from Inha University South Korea He is now a principal research scientist at Energy Centre of Council for Scientific and Industrial Research CSIR South Africa He was

previously an assistant professor in the Department of Applied Physics and Materials Science at Hawassa University Ethiopia His extensive research experience covers the use of electrode materials for energy storage and energy conversion Prof Fabian I Ezema is a professor at the University of Nigeria Nsukka He obtained his PhD in Physics and Astronomy from University of Nigeria Nsukka His research focuses on several areas of materials science with an emphasis on energy applications specifically electrode materials for energy conversion and storage *Graph-Based Representations in Pattern Recognition* Cheng-Lin Liu,Bin Luo,Walter G. Kropatsch,Jian Cheng,2015-05-04 This book constitutes the refereed proceedings of the 10th IAPR TC 15 International Workshop on Graph Based Representations in Pattern Recognition GbRPR 2015 held in Beijing China in May 2015 The 36 papers presented in this volume were carefully reviewed and selected from 53 submissions The accepted papers cover diverse issues of graph based methods and applications with 7 in graph representation 15 in graph matching 7 in graph clustering and classification and 7 in graph based applications The X-Men Films Claudia Bucciferro,2016-02-09 Originally appearing as a comic book in the 1960s X Men has been a cultural touchpoint for decades Since the release of the first film in 2000 the series has enjoyed an even greater transnational presence With each successive film the franchise has secured its place within global popular culture becoming one of the most profitable and complex superhero series to date While much of the research that has been published on the X Men focuses on the comics the movies constitute their own cultural text and deserve special attention In *The X Men Films A Cultural Analysis* Claudia Bucciferro has assembled a collection of essays that draw from work in communication cultural studies and media studies With contributions from a diverse group of scholars the chapters analyze issues that include gender sexuality disability class and race The contributors pose intriguing questions about the franchise such as What do mutants really represent What role do women and people of color play in the narratives Why does it matter that Professor X is disabled Why is Mystique often shown naked What facilitated Wolverine s rise to prominence And how do topics regarding identity trauma and bioethics figure in the stories Exploring issues relevant for a multicultural world and connecting thematic elements from the films to political debates and social struggles the book seeks to make a thoughtful contribution to the scholarship of popular culture *The X Men Films* will appeal to media scholars and students as well as to anyone interested in the X Men series **ICEL 2018 13th International Conference on e-Learning** Professor Eunice Ivala,2018-07-05

Unisa Closing Date For 2014 Registration Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Unisa Closing Date For 2014 Registration**," published by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.
