Hidden Histories: Uncovering Stories Forgotten by Time Ahmed Musa, 2024-12-22 History is written by the victors but what about the voices that were silenced The stories that were brushed aside overshadowed or buried by time Hidden Histories Uncovering Stories Forgotten by Time is your invitation to rediscover the untold the overlooked and the extraordinary tales that history forgot to tell From unsung heroes who changed the course of events without ever seeking the spotlight to entire cultures whose contributions have been erased from the mainstream narrative this book digs deep to uncover the richness of the past Every chapter peels back layers of history revealing the humanity triumphs and struggles of people who deserve their stories to be heard Journey through hidden corners of time where you'll find The brave women who led revolutions but were never credited Inventors and innovators whose genius was stolen or ignored Ancient civilizations whose legacies still shape the world today Everyday people who performed extraordinary acts of courage kindness and resilience This isn't just a history book it's a treasure map leading you to insights about how history's forgotten stories can shape how we see ourselves and our future It's about challenging the idea of whose stories matter and proving that every voice has the power to make an impact Whether you're a history buff or someone who loves a good underdog story Hidden Histories will keep you hooked from start to finish With every page you'll feel the heartbeat of history's unseen narratives and gain a deeper appreciation for the complexity and beauty of the human experience Discover what the textbooks missed Learn what the world forgot And be inspired by the lives of those who remind us that the smallest voices can echo the loudest across time History isn't what you've been told it's what you're about to uncover

Time's Mirror Bethany M. Sefchick, 2015-10-20 Ghosts Inc where the paranormal is normal Paranormal researcher Tesla Dane has never known her father She doesn't even know who he is The only connection she's ever had to him is a huge gold gilt mirror he once owned where shadows seem to move deep within its silvery surface in the dark of night So she's more than a little surprised when one night a sinfully handsome man emerges from those very shadows

a man who has the power to turn Tesla's world upside down Inventor Alexander Hartfield had been working for Tesla's father in a parallel universe since the early 1900s But now The Inventor as her father is affectionately known has gone missing Alex hopes that by bringing the beautiful Tesla to Avalon she can coax her father out of hiding especially since the man has never met the daughter who bears his name He also hopes that he can keep his hands off of Tesla Because she's the boss daughter And Alex isn't quite who he claims to be This novel the fifth in the Ghosts Inc series is approximately 83 000 words in length and is written in the modern adult romance style and is paranormal in nature It may not be appropriate for younger audiences It does not contain vampires werewolves or other such creatures and instead focuses on more traditional

paranormal phenomenon **Einstein's Brain** Sal Restivo, 2019-11-19 This book reviews the research on Einstein's brain from a sociological perspective and in the context of the social brain paradigm Instead of Einstein the genius of geniuses standing on the shoulders of giants Restivo proposes a concept of Einstein the social being standing on the shoulders of social networks Rather than challenging Einstein's uniqueness or the uniqueness of his achievements the book grounds Einstein and his achievements in a social ecology opposed to the myths of the Individualism and the very idea of genius Einstein is defined by the particular configuration of social networks that he engaged as his life unfolded not by biological inheritances

Nikola Tesla's Electricity Unplugged Tom Valone Ph.D., 2016-04-13 The immense genius of Tesla resulted from a mind that could see an invention in 3 D from every angle within his mind before it was easily built Tesla's inventions were complete down to dimensions and part sizes in his visionary process Tesla would envision his electromagnetic devices as he stared into the sky or into a corner of his laboratory His inventions on rotating magnetic fields creating AC current as we know it today have changed the world yet most people have never heard of this great inventor Is he a suppressed inventor as many historians contend Many of Tesla's concepts and inventions are still thought of as science fiction today over 60 years later Includes Tesla's fantastic vision of the future his wireless transmission of power Tesla's Magnifying Transmitter the testing and building of his towers for wireless power tons more The genius of Nikola Tesla is being realized by millions all over the world *Death Rays and the Popular Media, 1876-1939* William J.
