Galliers, Dorothy E.

Leidner, Boyka Simeonova, 2020-04-08 Today there are few in senior management positions who can afford to ignore modern information technology and few individuals who would prefer to be without it Modern IT is key to organizational performance yet we often assume the benefits will occur without forethought or effort As managerial tasks become more complex so the nature of the required information systems changes from structured routine support to ad hoc unstructured complex enquiries at the highest levels of management If taken for granted serious implications can arise for organizations This fifth edition of Strategic Information Management has been brought fully up to date with recent developments in the management of information systems including digital transformation strategy the issues surrounding big data and algorithmic decision making The book provides a rich source of material reflecting recent thinking on the key issues facing executives drawing from a wide range of contemporary articles written by leading experts in North America Europe and Australia Combining theory with practice each section is fully introduced includes further reading and questions for further discussion Designed for MBA master's level students and advanced undergraduate students taking courses in information systems management it also provides a wealth of information and references for researchers **The Digital Transformation of Auditing and the Evolution of the Internal Audit** Nabyla Daidj, 2022-10-18

The main objective of this book is to provide both academics and practitioners with a global vision of the evolution of internal auditing in a fast changing business landscape driven by digital transformation Digital transformation has been first associated with the emergence and the development of new technologies artificial intelligence blockchain cloud computing data analytics predictive analytics robotic process automation IOT drones etc Beyond the technological dimensions this transformation has several impacts on businesses organizations and processes and raises several questions for auditing activities This book explores how digitalization not only has an impact on the audit environment but also on internal audit practices and methodologies information technology IT information system IS audit IT governance and risk management The auditing profession also has to face the same challenges Auditors should develop new skills To continue to provide high quality service in such an environment the methodologies the process and the tools used for conducting an audit have progressively changed from those applied to the traditional audit Internal audit as a key strategic function must evolve too Finally the book also investigates the impact of the COVID 19 pandemic on internal auditing The author highlights the need for a new vision and renewed forecasting tools The post COVID 19 business and corporate world has changed Internal audit as a key strategic function must evolve too **Handbook of Strategic**

e-Business Management Francisco J. Martínez-López, 2013-11-19 This research handbook provides a comprehensive integrative and authoritative resource on the main strategic management issues for companies within the e business context. It covers an extensive set of topics dealing with the major issues which articulate the e business framework from a business perspective. The handbook is divided into the following e business related parts: background, evolved strategic framework for the management of companies, key business processes, areas and activities, and finally emerging issues, trends and opportunities, with special attention to diverse Social Web related implications. The articles are varied, timely, and present high quality research; many of these unique contributions will be especially valued and influential for business scholars and professionals interested in e business. Many of the contributors are outstanding business scholars who are or have been editors in chief of top ranked management and business journals or have made significant contributions to the development of their respective fields.

Strategic Innovative Marketing Androniki Kavoura, Damianos P. Sakas, Petros Tomaras, 2016-09-26 This book presents the latest on the theoretical approach of the contemporary issues evolved in strategic marketing and the integration of theory and practice. It seeks to make advancements in the discipline by promoting strategic research and innovative activities in marketing. The book highlights the use of data analytics, intelligence, and knowledge based systems in this area. In the era of knowledge based economy, marketing has a lot to gain from collecting and analyzing data associated with customers, business processes, market economics, or even data related to social activities. The contributed chapters are concerned with using modern qualitative and quantitative techniques based on information technology used to manage and analyze business data to discover hidden knowledge and to introduce intelligence into marketing processes. This allows for a focus on innovative applications in all aspects of marketing of computerized technologies related to data analytics, predictive analytics, and modeling business intelligence and knowledge engineering in order to demonstrate new ways of uncovering hidden knowledge and supporting marketing decisions with evidence based intelligent tools. Among the topics covered include innovative tourism marketing strategies, marketing communications in small and medium sized enterprises (SMEs), the use of business modeling as well as reflecting on the marketing trends and outlook for all transportation industry segments. The papers in this proceedings have been written by scientists, researchers, practitioners, and students that demonstrate a special orientation in strategic marketing, all of whom aspire to be ahead of the curve based on the pillars of innovation. This proceedings volume compiles their contributions to the field, highlighting the exchange of insights on strategic issues in the science of innovation marketing.
