The Life And Teachings Of Jesus

Gregory J. Madsen

The Life And Teachings Of Jesus:

The Life and Teachings of Jesus Preston Thomas,2013-03-31 This book is a restatement of the life and teachings of Jesus as recorded in the New Testament Gospels of Matthew Mark Luke and John Like an earlier effort by Thomas Jefferson who produced The Jefferson Bible in the early 1800 s its purpose is to distill from the Scriptures only those verses truly portraying the life and teachings of Jesus Each major event in his life is treated individually and then arranged in chronological order Thus it presents the story of Jesus as it actually took place from birth through death and resurrection This format promotes a better understanding of Jesus real life and original gospel of the kingdom Helpful explanatory notes are generously supplied An exhaustive index is included so that readers can easily find what Jesus said concerning any topic It also provides a listing of Jesus parables miracles and teachings that outline his philosophy of living The Tree of Life - Expanded Edition Gregory

J. Madsen,2020-03-19 As the times change and the world seemingly spinning ever faster around us and with responsibilities and the distractions of the digital world also ever increasing the question may appropriately be asked where is respite to be found What anchor for the mind and soul To those asking these or similar questions this book is an invitation to slow down and rise above the flurry of distraction to reconnect with something much higher The Tree of Life presents the familiar story of the life and teachings of Jesus Christ directly from the Gospels of the New Testament but with the added benefit of reading seamlessly like a captivating novel With every one of the 3 779 Gospel verses being included in this work this fresh perspective of these high and holy paradigms brings a view all too often forgotten or neglected today What this book provides in short is the source material common to all denominations of Christianity and beyond These teachings come straight from the mouth of Christianity s founder and are arranged and merged directly from the sacred writings If you are a seeker on the path of Christian enlightenment The Tree of Life is a magnificent place to start or even continue that journey With non denominational instructions just as relevant today as when they were given anciently answers to deep questions are immediately discoverable to the honest student who seeks to study at the feet of the Master In this special Expanded Edition the eschatology common to the era in which Christianity was planted is brought vividly to life The addition of copious references to the Old Testament and Pre Christian Apocrypha add interesting and much needed context to the environment and expectations of the people Jesus served among Linking directly to the scriptural definitions of the expected Son of Man the long anticipated Messiah the suffering servant of Isaiah and much more the additional insights contained in the footnotes of this book are sure to add bountifully to your spiritual understanding of the times and teachings of this heavenly hierophant

unique and fresh work that seeks to present Jesus of Nazareth by his own words as HE intended people to view him and hear him There are many people who know some facts about Jesus Christ but there are very few people who have a good and solid understanding of his person and teachings For example did you know that Jesus did not teach that he was a sacrifice for people s sins As bible religion spreads across the earth like a cancer fewer and fewer people understand the one who calls himself the Light of the world and the Son of Man What is Jesus core message What claims does he make about himself and can those claims be trusted Does Jesus give humanity answers to its problems You will never be able to know the answer to that question unless you read his words yourself This work contains his words in the four gospels alone with helpful notes to counter the many contemporary religious beliefs which seek to nullify his simple teachings If you are a skeptic be a good skeptic and read his words to make a good judgment don t rely on others If it is possible his words and story could have been recorded accurately and preserved and it is possible what have you got to lose by listening to him If you are a physicalist one who believes the human experience can be satisfactorily explained by molecules and proteins are you 100% certain that belief best explains your personal human experience To use a computer as an analogy the hardware cannot account for nor did it create the software In the same manner the physical human body cannot account for our sentience abstract reasoning nor the moral compass that we possess If call yourself a christian or believe you are somehow his this book might provide some critical information that will significantly change your perspective on his person and teachings As the church experience gets more and more like regular western entertainment perhaps you can see the negative trend there and search for answers as to how to escape Tired of the fast food culture of the western world Can you see the shallowness and emptiness of the please myself as my top principle of life philosophy Tired of the unreasoning culture of much of the eastern world Hopefully perhaps even tired of the world Out of all the great works of literature are not the words teachings and story of the person who is arguably one of the most influential and controversial figures in history worth reading and considering There is a single great adventure that waits for those with eyes to see Just know it is not an easy adventure but rather a very difficult one but the journey and results are more meaningful and satisfying than the greatest adventures the earth can provide It all starts with giving Jesus of Nazareth your sincere and undivided attention May this work which contains his words story and teachings be the beginning of that journey Enjoy
