The Literary Criticism Of Frank Norris:

The Literary Criticism of Frank Norris Donald Pizer, 1964-06-01 All of American author Frank Norris's significant critical writings have been compiled in this book including his articles for the San Francisco Wave during 1896-1897 and selections from his Weekly Letter column for the Chicago American in 1901. Essays from these two previously unexploited sources comprising almost half the book reveal certain areas of Norris's thought which heretofore had been overlooked by scholars. This book was compiled in order to clarify Frank Norris's literary creed. When Donald Pizer began to read Norris's uncollected critical articles he observed concepts which had been unnoted or misunderstood by his critics. Crediting this to the inadequate representation of Norris's ideas in the posthumous *The Responsibilities of the Novelist* 1903, Pizer recognized the need for an interpretive and complete edition of Norris's critical writings. This volume thus fills a noticeable gap in the field of American literary criticism. By the time of his death in 1902, Norris had a closed system of critical ideas. This core of ideas however is only peripherally related to the conventional concept of literary naturalism which perhaps explains why critics have gone astray trying to find Zolaesque ideas in Norris's criticism. Norris's central idea around which he built an aesthetic of the novel was that the best novel combines an intensely primitivistic subject matter and theme with a highly sophisticated form. His paradox of sophisticated primitivism clarifies the vital link between the fiction produced in the 1890s and that written by Hemingway, Faulkner, and Steinbeck. Norris's essays deal with many of the literary themes which preoccupy modern critical theorists. His range of subjects includes the form and function of the novel, definitions of naturalism, realism, and romanticism, and the problem of what constitutes an American novel. His interpretation of commonplace events, his comments on prominent figures of his day, and his parodies of writers such as Bret Harte, Stephen Crane, and Rudyard Kipling are characterized by ingenuity and perception. Through these writings the personality of a man with well-defined convictions and the ability to expound them provocatively comes into sharp focus. In a general introduction, Pizer summarizes Norris's critical position and surveys his career as literary critic. This introduction and the interpretative introductions preceding each section constitute an illuminating essay on the literary temper of the period and provide a new insight into Norris's craft and his literary philosophy.

The Literary Criticism of Frank Norris Frank Norris, 1976 *Frank Norris and American Naturalism* Donald Pizer, 2018-05-30 Frank Norris is a seminal figure in the history of American literary naturalism despite the brevity of his career. *Frank Norris and American Naturalism* brings together in one volume Donald Pizer's lifelong exploration of the naturalist's work ranging from his 1955 discussion of point of view in *The Octopus* to his 2010 essay on the thematic unity of that novel. The essays in *Frank Norris and American Naturalism* as a whole seek to demonstrate both the coherence of Norris's thought and his contribution toward the establishment of a specific form of naturalism in America. The collection's principal focus is Norris's most enduring works, the novels *McTeague* and *The Octopus*, though his other fiction and literary criticism are also discussed.

The Responsibilities of the Novelists Frank

Norris, 2016-10-15 The late Frank Norris's literary essays marshaled handsomely between covers under the title *The Responsibilities of the Novelist* impress one on the first browsing with a sense of vague regret Here is something that should not have been yet one knows not at first exactly what nor why But as you read the feeling grows that this book would never have appeared had the author lived to decide the question for himself The essays are good amazingly good some of them their sanity never fails their simplicity and force lack nothing they are fresh leisurely progressive healthy But they are young and uneven Norris was a man who grew fast There are five years between some of these essays written according to the bibliography in the back of the volume only a few months apart The book's entire contents was dashed off within two years and in that time Norris grew ten We venture the prediction that none of the essays in the present volume would have passed muster of this growing author for admission to his ranks of books Already had he lived till now would the best and latest of them have seemed trivial and partial in his eyes And yet considered apart from the personality and rapid development of their writer these essays are profitable If they solve no problems if they open no new fields if they add nothing to the sum or the statement of truth they at least restate familiar facts and conditions with singular clearness and force delightful freshness unerring selection and complete sanity And not the least of the pleasure they give is the melancholy contemplation of a mind that had it survived would inevitably have been in front of the literary movement the beginnings of which are already in the opinion of many at hand We quote as an example of Frank Norris's character and quality as a man of letters the final paragraphs of his essay on the responsibilities of the novelist The Pulpit the Press and the Novel these indisputably are the great moulders of public morals to day But the Pulpit speaks but once a week the Press is read with lightning haste and the morning news is waste paper by noon But the Novel goes into the home to stay It is read word for word is talked about discussed its influence penetrates every chink and corner of the family Yet novelists are not found wanting who write for money I do not think this is an unfounded accusation I do not think it asking too much of credulity This would not matter if they wrote the Truth But these gentlemen who are in literature for their own pocket every time have discovered that for the moment the People have confounded the Wrong with the Right and prefer that which is a lie to that which is true Very well then say these gentlemen If they want a lie they shall have it and they give the People a lie in return for royalties The Book Buyer *A Monthly Review of American and Foreign Literature* Volume 27

Responsibilities of the Novelist

Frank Norris,2008-10 PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is depend ent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing
