*The Logic of Tragedy, and Other Sermons* Angel Martinez, 1958      **Inspiration, and Other Sermons** Alfred Williams Momerie, 1889      **Literature and Religious Culture in Seventeenth-Century England** Reid Barbour, 2001-12-24 Reid Barbour's 2002 study takes a fresh look at English Protestant culture in the reign of Charles I 1625-1649. In the decades leading into the civil war and the execution of their monarch, English writers explored the experience of a Protestant life of holiness, looking at it in terms of heroic endeavours, worship, the social order, and the cosmos. Barbour examines sermons and theological treatises to argue that Caroline religious culture comprises a rich and extensive stocktaking of the conditions in which Protestantism was celebrated, undercut, and experienced. Barbour argues that this stocktaking was also carried out in unusual and sometimes quite secular contexts in the masques, plays, and poetry of the era, as well as in scientific works and diaries. This broad-ranging study offers an extensive appraisal of crucial seventeenth-century themes and will be of interest to historians as well as literary scholars of the period.      Library of Congress Catalog Library of Congress, 1955      *Library of Congress Catalogs* Library of Congress, 1960      *Religious Books 1876-1982*, 1983      **The Hardest Sermons You'll Ever Have to Preach** Zondervan, 2011-08-23. Cancer Suicide: The death of a child. As much as we wish we could avoid tragedies like these, eventually they will strike your church community. When they do, pastors must be ready to offer help by communicating the life-changing message of the gospel in a way that offers hope, truth, and encouragement during these difficult circumstances. Those asked to preach in the midst of tragedy know the anxiety of trying to say appropriate things from God's Word that will comfort and strengthen God's people when emotions and faith are stretched thin. This indispensable resource helps pastors prepare sermons in the face of tragedies by providing suggestions for how to approach different kinds of tragedy, as well as insight into how to handle the theological challenges of human suffering. Each topic provides a specific description of the context of the tragedy, the key concerns that need to be addressed in the message, and an outline of the approach taken in the sample sermon that follows. Topics addressed include abortion, abuse, responding to national and community tragedies, the death of a child, death due to cancer and prolonged sickness, death due to drunk driving, drug abuse, and suicide. Bryan Chapell, author of *Christ-Centered Preaching*, has gathered together messages from some of today's most trusted Christian leaders, including John Piper, Tim Keller, Michael Horton, Jack Collins, Dan Doriani, Jerram Barrs, Mike Khandjian, Robert Rayburn, Wilson Benton, Bob Flayhart, and George Robertson. Each chapter provides you with the resources you need to communicate the life-giving hope of the gospel in the midst of tragedy. In addition, the appendices provide further suggestions of biblical texts for addressing various subjects, as well as guidance for conducting funerals.      *Summer Sundays in a Strathmore parish, sermons* John Gordon McPherson, 1890      *Fundamentals of Preaching* John Killinger, 1985. Originally published in 1983, *Fundamentals of Preaching* is a comprehensive textbook on preaching, guiding the novice from the first steps of conceiving the sermon through the actual construction and delivery. In this new

revised edition Killinger enhances the outstanding practical qualities of the text with much input from recent homiletical studies and the preaching of women      **The Witness of Preaching, Second Edition** Thomas G. Long,2005-10-20 This thorough and detailed revision of *The Witness of Preaching* is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and included more examples of sermon forms illustrations and conclusions He continues to critically engage the best thinkers in the field of homiletics bringing into the conversation both important new voices and the latest works of those who appeared in the first edition In addition he addresses some of the new forces at work such as the use of video clips and PowerPoint presentations in sermons

Christian Advocate ,1924      *The Witness of Preaching* Thomas G. Long,2005-01-01 This thorough revision of this classic text is even clearer and more helpful than the first edition Long has updated the language expanded the key chapter on biblical exegesis and has included more examples of sermon forms illustrations and conclusions      *A Funeral Sermon Occasioned by the Death of Mrs. Ann F. McClure Preached at Chesterville, S. C., January 16th, 1842* John Douglas (minister.),1859      **Preaching the Parables** Craig L. Blomberg,2004-07-01 A guide to preaching the parables that shows how to first interpret the parables then proclaim their significance      **The Public General Statutes Affecting Scotland** Scotland,1889      A Practical Treatise on the Cultivation of the Grape Vine William Thomson,1890      **Preaching Black Lives (Matter)** Gayle Fisher-Stewart,2020-07-17 An anthology that asks What does it mean to be church where Black lives matter Prophetic imagination would have us see a future in which all Christians would be free of the soul warping belief and practice of racism This collection of reflections is an incisive look into that future today It explains why preaching about race is important in the elimination of racism in the church and society and how preaching has the ability to transform hearts While programs protests conferences and laws are all important and necessary less frequently discussed is the role of the church specifically the Anglican Church and Episcopal Church in ending systems of injustice The ability to preach from the pulpit is mandatory for every person clergy or lay regardless of race who has the responsibility to spread the gospel For there s a saying in the Black church If it isn t preached from the pulpit it isn t important      The Paradox of Tragedy D.D. Raphael,2021-12-24 First published in 1960 *The Paradox of Tragedy* raises the fundamental question why do we enjoy tragic drama with its themes of death and disaster Aristotle s theory of catharsis is still widely accepted as a satisfactory explanation of this paradox In the first of its two connected essays D D Raphael argues that Aristotle s account of tragic emotions is distorted by a faulty psychology and fails to solve the problem Raphael offers instead a new theory of Tragedy as a conflict between two forms of the sublime in which the sublimity of human heroism is exalted above the sublimity of overwhelming power The spirit of the Tragedy is liable to conflict with doctrines of Biblical theology and the difficulties of fusing the two are explored with illustrations from Greek Biblical English and French literature The second essay discusses the wider topic of philosophical drama considering in what sense tragic and other forms of serious drama may be called

philosophical and also pointing out the dramatic shape of much of Plato's philosophy. In this discussion the question of religious Tragedy reappears in a different perspective. This book will be an essential read for scholars and researchers of philosophy in general and political philosophy in particular.
