Reconstructing the Book of Mormon's Missing Stories Don Bradley,2019-11-27 On a summer day in 1828 Book of Mormon scribe and witness Martin Harris was emptying drawers upending furniture and ripping apart mattresses as he desperately looked for a stack of papers he had sworn to God to protect Those pages containing the only copy of the first three months of Joseph Smith s translation of the golden plates were forever lost and the detailed stories they held forgotten over the ensuing years until now In this highly anticipated work author Don Bradley presents over a decade of historical and scriptural research to not only tell the story of the lost pages but to reconstruct many of the detailed stories written on them Questions explored and answered include Was the lost manuscript actually 116 pages How did Mormon s abridgment of this period differ from the accounts in Nephi s small plates Where did the brass plates and Laban s sword come from How did Lehi s family and their descendants live the Law of Moses without the temple and Aaronic priesthood How did the Liahona operate Why is Joseph of Egypt emphasized so much in the Book of Mormon How were the first Nephites similar to the very last What message did God write on the temple wall for Aminadi to translate How did the Jaredite interpreters come into the
