

The background of the entire image is a dark, dense bookshelf filled with numerous old, leather-bound books. The spines of the books are visible, showing various colors like brown, blue, and gold. In the center of the bookshelf, there is a cutout of a two-story yellow house with a grey roof, two chimneys, and a red door. The house is illuminated from within, making it stand out against the dark background. Green ivy leaves are visible on the left and right sides of the bookshelf.

Time Travel in Popular Media Matthew Jones, Joan Ormrod, 2015-03-27 In recent years numerous films television series comic books graphic novels and video games have featured time travel narratives with characters jumping backward forward and laterally through time No rules govern time travel in these stories Some characters move by machine some by magic others by unexplained means Sometime travelers can alter the timeline while others are prevented from causing temporal aberrations The fluid forms of imagined time travel have fascinated audiences and prompted debate since at least the 19th century What is behind our fascination with time travel What does it mean to be out of one's own era How do different media tell these stories and what does this reveal about the media's relationship to time This collection of new essays the first to address time travel across a range of media answers these questions by locating time travel narratives within their cultural historical and philosophical contexts Texts discussed include Doctor Who The Terminator The Georgian House Save the Date Back to the Future Inception Source Code and others

American Poetry as Transactional Art Stephen Fredman, 2020-06-02 Explores the ways American poetry engages with visual art music fiction spirituality and performance art Many people think of poetry as a hermetic art as though poets wrote only about themselves or as if the subject of poetry were finally only poetry its forms and traditions Indeed much of what constitutes poetry in the lyric tradition depends on a stringently controlled point of view and aims for a timeless intransitive utterance Stephen Fredman's study proposes a different perspective American Poetry as Transactional Art explores a salient quality of much avant garde American poetry that has so far lacked sustained treatment namely its role as a transactional art Specifically Fredman describes this role as the ways it consistently engages in conversation talk correspondence going beyond the scope of its own subjects and forms its existential interactions with the outside world Poetry operating in this vein draws together images ideas practices rituals and verbal techniques from around the globe and across time not to equate them but to establish dialogue to invite as many guests as possible to the World Party which Robert Duncan has called the symposium of the whole Fredman invites new readers into contemporary poetry by providing lucid and

nuanced analyses of specific poems and specific interchanges between poets and their surroundings He explores such topics as poetry's transactions with spiritual traditions and practices over the course of the twentieth century the impact of World War II on the poetry of Charles Olson and George Oppen exchanges between poetry and other art forms including sculpture performance art and ambient music the battle between poetry and prose in the early work of Paul Auster and in Lyn Hejinian's *My Life* The epilogue looks briefly at another crucial transactional occasion teaching American poetry in the classroom in a way that demonstrates that it is at the center of the arts and at the heart of American culture

W. Kenyon, 2025-07-15 Christianity has revealed the secret that psychologists have long sought the inward soul the re created spirit the focus of God's great redemptive work on earth The four Gospels give us a wonderful picture of the lonely man of Galilee the humble Messiah who ends His earthly walk on Calvary But Paul's Epistles give us the risen triumphant One the conqueror of death sin and Satan He provides the revelation of what happened on the cross and in the tomb and how that affects who and what we are in Christ today Legendary Bible teacher E W Kenyon delves deeply into Paul's teaching to give us a living picture of the entire substitutionary work of Christ which made possible the new creation a new race of men and women who can stand in God's presence without a sense of guilt condemnation or inferiority *A Master Is Born* Evan Bollinger, 2020-10-03 The Seam between this world and the next just ripped A mysterious and ferocious blight has been unleashed upon Prim Ordal rapidly transforming living things everywhere into deathly perversions of themselves As the darkness unfolds Roscoe Coats a hunter without a past seeks the impossible A power A mastery foretold by legend and forgotten by man Now coveted by a legion undead and surrounded by powerful magites Roscoe must face the quest of his life In a world where magic is despised and destroyed he might just harbor the rarest of all The clock is ticking The blight is spreading and everywhere the magites go the shadows seem to follow Can the young Master rise before the Nether consumes Or are some gifts too good to be true *The Origin of Modern Shinto in Japan* Yijiang Zhong, 2016-10-06 Yijiang Zhong analyses the formation of Shinto as a complex and diverse religious tradition in early modern and Meiji Japan 1600-1868 Highlighting the role of the god Okuninushi and the mythology centered on the Izumo Shrine in western Japan as part of this process he shows how and why this god came to be ignored in State Shinto in the modern period In doing so Zhong moves away from the traditional understanding of Shinto history as something completely internal to the nation of Japan and instead situates the formation of Shinto within a larger geopolitical context involving intellectual and political developments in the East Asian region and the role of western colonial expansion The Origin of Modern Shinto in Japan draws extensively on primary source materials in Japan many of which were only made available to the public less than a decade ago and have not yet been studied Source materials analysed include shrine records and object materials contemporary written texts official materials from the national and provincial levels and a broad range of visual sources based on contemporary prints drawings photographs and material culture **Recovering**

Communion in a Violent World Christopher Grundy, 2019-11-15 The act of breaking and eating a body in Holy Communion forms us over time What if that is not such a good thing Recovering Communion in a Violent World provides an unblinking examination of the ritualized reenactment of the violence done to Jesus in Holy Communion using insights from the fields of ritual studies and trauma theory Then drawing upon recent research in Christian origins the book raises possibilities for sacramental meal practices that don't ignore the death of Jesus but respond to it differently Rather than colluding with systems of violence these alternative practices respond to violence in our world by continuing to collaborate with the persistence and resilience of God as well as with the realm of God still coming near The result is a groundbreaking exploration that is both unflinching in its critique and passionate in its argument for the place of renewed Christian meal practices In an era when world religions have come under greater scrutiny as sources of violence this book asks readers to look squarely at the reenactment of violence that has come to narrowly define Holy Communion for so long and to imagine that more radical resistant sacramental meal practices are possible

The Courage of Hopelessness Slavoj Zizek, 2018-02-06 Maverick philosopher Slavoj Zizek returns to explore today s ideological political and economic battles and asks whether radical change is possible In these troubled times even the most pessimistic diagnosis of our future ends with an uplifting hint that things might not be

as bad as all that that there is light at the end of the tunnel Yet argues Slavoj Zizek it is only when we have admitted to ourselves that our situation is completely hopeless that the light at the end of the tunnel is in fact the headlight of a train that fundamental change can be brought about Surveying the various challenges in the world today from mass migration and geopolitical tensions to terrorism the explosion of rightist populism and the emergence of new radical politics all of which in their own way express the impasses of global capitalism Zizek explores whether there still remains the possibility for genuine change Today he proposes the only true question is or should be this do we endorse the predominant acceptance of capitalism as fact of human nature or does today s capitalism contain strong enough antagonisms to prevent its infinite reproduction Can we he asks move beyond the failure of socialism and beyond the current wave of populist rage and initiate radical change before the train hits Zizek leaves no social or cultural phenomenon untheorized and is master of the counterintuitive observation *The New Yorker* *Thinking Through Creativity and Culture* Vlad Petre Glaveanu,2017-07-28 Creativity and culture are inherently linked Society and culture are part and parcel of creativity s process outcome and subjective experience Equally creativity does not reside in the individual independent of culture and society Vlad Petre Glveanu s basic framework includes creators and community from which new artifacts emerge and existing artifacts are developed He points to a relationship between self and other new and old specific for every creative act Using this multifaceted system requires that researchers employ ecological research in order to capture the heterogeneity and social dimensions of creativity Glveanu uses an approach based on cultural psychology to present creativity in lay terms and within everyday settings He concludes with a unitary cultural framework of creativity interrelating actors audiences actions artifacts and affordances **The Hidden Treasure of Glaston** Eleanore M Jewett,2000-05-01 Amidst great mystery Hugh is left in the care of Glastonbury Abbey by his father who must flee England too swiftly to be burdened by a crippled son Ashamed of his physical weakness yet possessed of a stout heart Hugh finds that life at the abbey is surprisingly full in this year 1171 in the turbulent days of King Henry II Hugh his friend Dickon and their strange friend the mad Bleheris uncover a treasure trove and with it a deeper mystery of the sort that could only occur in Glastonbury where Joseph of Arimithea was said to have lived out his last years Before all is done more is resolved than Hugh could ever have hoped A Newbery Honor winner Illustrated by Frederick Chapman Yuga Marty Glass,2001 YUGA describes five falls the Fall into Time the Reign of Quantity the Mutation into Machinery the End of Nature and the Prison of Unreality Taken together these comprise the fate of historical humanity and are the author is convinced one way trips And the urban industrial vehicular commercial technological pharmaceutical electronic information spectator secular society they have produced has ripped the human world to shreds The book is hard hitting but readers who find it disturbing overlook the invincible beatitude that undergirds its every line When we awaken from our modern nightmare as sooner or later we all shall this book will help us remember what that nightmare was In YUGA the perennial wisdom has found a new and clarion voice Glass s poetic and novelistic
