The Malice Of Fortune:

The Malice of Fortune Michael Ennis, 2012-09-11 Against a teeming canvas of Borgia politics Niccol Machiavelli and Leonardo da Vinci come together to unmask an enigmatic serial killer as we learn the secret history behind one of the most controversial works in the western canon *The Prince* When Pope Alexander dispatches a Vatican courtesan Damiata to the remote fortress city of Imola to learn the truth behind the murder of Juan his most beloved illegitimate son she cannot fail for the scheming Borgia pope holds her own young son hostage Once there Damiata becomes a pawn in the political intrigues of the pope's surviving son the charismatic Duke Valentino whose own life is threatened by the condottieri a powerful cabal of mercenary warlords Damiata suspects that the killer she seeks is one of the brutal condottieri and as the murders multiply her quest grows more urgent She enlists the help of an obscure Florentine diplomat Niccol Machiavelli and Valentino's eccentric military engineer Leonardo da Vinci who together must struggle to decipher the killer's taunting riddles Leonardo with his groundbreaking science of observation and Machiavelli with his new science of men Traveling across an Italy torn apart by war they will enter a labyrinth of ancient superstition and erotic obsession to discover at its center a new face of evil and a truth that will shake the foundations of western civilization **Machiavelli: The Prince** Niccolo Machiavelli, 1988-10-28 Professor Skinner presents a lucid analysis of Machiavelli's text as a response to the world of Florentine politics *Machiavelli's New Modes and Orders* Harvey C. Mansfield, 2001-04-15 This study wrought by one of Machiavelli's interpreters uncovers the hidden intricacies of the Discourses It will inform and challenge its readers at every step **BOOK JACKET** [The Foundations of Modern Political Thought: Volume 1, The Renaissance](#) Quentin Skinner, 1978-11-30 A two volume study of political thought from the late thirteenth to the end of the sixteenth century the decisive period of transition from medieval to modern political theory The work is intended to be both an introduction to the period for students and a presentation and justification of a particular approach to the interpretation of historical texts Quentin Skinner gives an outline account of all the principal texts of the period discussing in turn the chief political writings of Dante Marsiglio Bartolus Machiavelli Erasmus and more Luther and Calvin Bodin and the Calvinist revolutionaries But he also examines a very large number of lesser writers in order to explain the general social and intellectual context in which these leading theorists worked He thus presents the history not as a procession of classic texts but are more readily intelligible He traces by this means the gradual emergence of the vocabulary of modern political thought and in particular the crucial concept of the State *The Malice of Fortune* Steve White, 2021-01-18 **WHEN LADY FORTUNE SMILES DAGGERS** What if the past is merely a playground for the future In a new evolving timeline Cesare Borgia did not follow a path that led to a fatal ambush and unfulfilled ambitions but instead employs Leonardo Da Vinci's visionary war machines only ideas in a notebook in our own timeline and the sly wisdom of Niccol Machiavelli who suffered years of disgrace in regular history in a rolling effort to unify the contentious city states of Italy From there Borgia hopes to create a powerful

Renaissance empire centuries in advance of the modern nation But someone or something with shadowy motives and nefarious purposes may be aiding Borgia every step of the way And when a beautiful operative from a future that may never be shows up to set things right the stakes become human freedom itself in a transformed future At the publisher's request this title is sold without DRM Digital Rights Management About Steve White Creative White seamlessly inserts his characters into history blending science fiction and vintage military action to deliver a fast paced high stakes story The time travel leads to a twisty clever series of surprises and plot mechanics Publishers Weekly on Soldiers out of Time White offers fast action and historically informed world building Publishers Weekly recalls the best of the John Campbell era of SF White's core audience of hard SF fans will be pleased Publishers Weekly Engaging entertainment much suspense and many well handled action scenes Booklist

The Haft Paikar (The Seven Beauties). Nizāmī Ganjavī, 1924 Machiavelli's Legacy Timothy Fuller, 2015-10-28 Niccolo Machiavelli's The Prince is one of the most celebrated and notorious books in the history of Western political thought It continues to influence discussions of war and peace the nature of politics and the relation of private ethics to public duties Ostensibly a sixteenth century manual of instruction on certain aspects of princely rule and behavior The Prince anticipates and complicates modern political and philosophical questions What is the right order of society Can Western politics still be the model for progress toward peace and prosperity or does our freedom to create our individual purposes and pursuits undermine our public responsibilities Are the characteristics of our politics markedly different for better or for worse than the politics of earlier eras Machiavelli argues that there is no ideal transcendent order to which one can conform and that the right order is merely the one that has the capacity to persist over time The Prince's emphasis on the importance of an effective truth over any abstract ideal marks it as one of the first works of modern political philosophy Machiavelli's Legacy situates Machiavelli in general and The Prince in particular at the birth of modernity Joining the conversation with established Machiavelli scholars are political theorists Americanists and international relations scholars ensuring a diversity of viewpoints and approaches Each contributor elucidates different features of Machiavelli's thinking from his rejection of classical antiquity and Christianity to his proposed dissolution of natural roles and hierarchies among human beings The essays cover topics such as Machiavelli's vision for a heaven sent redemptive ruler of Italy an argument that Machiavelli accomplished a profoundly democratic turn in political thought and a tough minded liberal critique of his realistic agenda for political life resulting in a book that is in effect a spirited conversation about Machiavelli's legacy Contributors Thomas E Cronin David Hendrickson Harvey Mansfield Clifford Orwin Arlene Saxonhouse Maurizio Viroli David Wootton Catherine Zuckert

The Prince Niccolo Machiavelli, 2008-03-15 To investigate the imaginative leaps of so agile and incisive a mind as Machiavelli's one needs as much commentary about history political theory sources and language as possible I have gradually come to realize that readers who remain unaware of these topics frequently finish reading The Prince put down their copies and wonder what the shouting was all about Thus commented eminent Machiavelli scholar
