case laws Construction Law, Costs and Contemporary Developments: Drawing the Threads Together Julian Bailey, 2018-11-15 Lord Justice Jackson's retirement in March 2018 concluded a career of almost 20 years on the bench. His judicial career has seen a remarkable transformation of construction law, construction law litigation and the litigation landscape more generally. *Drawing the Threads Together* is a Festschrift which considers many of the important developments in these areas during the Jackson era. The Festschrift discusses most of the leading construction cases decided by Lord Justice Jackson with subject matter including statutory adjudication, fitness for purpose obligations, consideration of delays and extensions of time, liquidated damages, time bar provisions, the prevention principle, neighbour rights, limitation clauses, negligence, good faith bonds and guarantees and concurrent duties of care. It also includes a discussion of the background to the Jackson Review of Civil Litigation Costs 2009-2010 and its impact on litigation as well as considering the development of the Technology and Construction Court during and subsequent to Mr Justice Jackson's tenure as judge in charge of that court.

Willis's Practice and Procedure for the Quantity Surveyor Allan Ashworth, Keith Hogg, Catherine Higgs, 2013-04-08 Historically employed to estimate and measure the likely material requirements for any building project, the role of the modern quantity surveyor is diverse with a wide range of employers and geographical locations to match. Change continues to be a feature in quantity surveying practice with the New Rules of Measurement, the RICS Black Book and Building Information Modelling (BIM) all adding to the already dynamic environment in which the quantity surveyor operates. This new edition of *Practice and Procedure for the Quantity Surveyor* reflects that dynamic environment, addressing changing practices and procedures in the profession whilst focussing on the core skills which are essential to success. The 13th edition of this classic text, originally written by three generations of the Willis family, all quantity surveyors, continues to provide a thorough introduction to the work of the quantity surveyor in private practice, in public service and in contracting organisations.

Managing the Building Design Process Gavin Tunstall, 2006-08-14 *Managing the Building Design Process* explains the designer's role in the creation of new buildings from the development of the plan through to completion. One key case study is used throughout the book so that the reader can clearly follow the process leading to the creation of a new building. This new edition expands on the first edition, including sections on CAD and sustainability, incorporating updates to legislation and adding new illustrations as well as discussion points and useful references at the end of every chapter. Gavin Tunstall is an architect and a lecturer in the School of Architecture Design and the Built Environment at Nottingham Trent University, UK.

Remedies in Construction Law Roger ter Haar, Camilla Ter Haar, 2024-12-27 *Remedies in Construction Law* brings together various well-established strands of the law and considers practical remedies for breach of contract and tort in connection with construction projects. The third edition brings the text up to date with significant new cases in respect of duress, force majeure and liquidated damages. It also features new content on retention clauses, remedies associated with Grenfell Tower type cladding bonds and variation clauses. This book continues to be a vital reference to lawyers and

construction professionals seeking specialist insight into how remedies function in the construction sector Law in Practice John Wevill, 2019-09-04 Intensely practical and clearly written Law in Practice the RIBA Legal Handbook is the RIBA's jargon free professional guide to the law as it relates to a construction project It addresses all the fundamental up to date issues of contemporary construction law allowing architects to make sound judgements avoid disputes and run projects on a safer basis This new edition has been fully updated to reflect the new RIBA Plan of Work 2013 the industry's framework for construction projects as well as recent case law and other legal updates that the practising architect needs to be aware of Why does an appointment need to be written Why does language matter What is a novation What does an overall cap on liability mean and how can you convince a client to agree one How do you assess an extension of time When should you notify your insurer of a potential claim Law in Practice answers all of these questions and many more **Laxton's Building Price Book 2002** V B Johnson, 2001-10-10 Laxton's gives you access to the most reliable and current data All 250 000 price elements have been individually checked and updated for the 2002 edition so that your estimates are always accurate and cost competitive Laxton's makes analytical estimating simple and straightforward by displaying a complete breakdown for all measured items under 10 separate headings all on a single page This shows you a complete price build up at a glance and gives you the option to make price adjustments wherever necessary You can find the sections you need quickly and easily via the special marker system on the front cover and page edges The free CD with this price book contains Masterbill's ESTIMATOR software and fully resourced data on all the price elements in Laxton's Not only does the CD offer fast and efficient pricing at the touch of a button it gives details of all the resources required to do the job Laxton's approximate estimating section gives all in pricing for quick reference on the cost of composite items such as floors helping you calculate the cost implications of using plywood sheeting rather than softwood boarding for example Laxton's Basic Price section gives you a quick price on hundreds of items from concrete work to roofing materials to save you going through hundreds of lists from suppliers manufacturers and building merchants Laxton's Brand and Trade Names section lists over 12 000 brands and trade names and company addresses to help you locate specific items Latest wage rates fees and allowances All 250 000 price elements checked and updated **JCT Contract Administration Pocket Book** Andy Atkinson, 2020-12-21 This book is quite simply about contract administration using the JCT contracts The key features of the new and updated edition continue to be its brevity readability and relevance to everyday practice It provides a succinct guide written from the point of view of a construction practitioner rather than a lawyer to the traditional form of contract with bills of quantities SBC Q2016 the design and build form DB2016 and the minor works form MWD2016 The book broadly follows the sequence of producing a building from the initial decision to build through to completion Chapters cover Procurement and tendering Payments scheduling progress and claims Contract termination and insolvency Indemnity and insurance Supply chain problems defects and subcontracting issues Quality dealing with disputes and adjudication How to administer contracts for BIM compliant
