

Many things go into judgement based on revelation. It involves knowing the state of the man's heart before God, His plan for that man's life and the bigger picture of divine purpose. The inability to understand these disqualifies many men from judging spiritual matters.

The Judgements Of God:

The Judgements of God Dr. Gilbert H. Edwards, Sr.,2015-01-15 The subject of Judgment is a large one in the word of God and encompasses such as the judgment of the cross the judgment on the believer in chastening the self judgment of the believer the judgment of the believer s works at the judgment seat of Christ with the exception of the last mentioned judgment which has already been considered These judgments are not related with the eschatological program of God It is necessary to consider four judgments that have eschatological implications the judgment on the nation Israel the judgment of the nations the judgment of the fallen angels and the judgment of the Great White Throne This study will give explanatory reasons for these judgments

The Seven Judgments of God Linda T. Legg,2022-08-01 The God of the Bible is a God of Love But He is also a God of judgment If this were not true there would be no difference between right and wrong good and bad He is also a God of sevens seven days in a week seven seals seven vials seven bowls seven sevens in prophecy and so on Many Christians believe that there is only one judgment but Scripture speaks of seven judgments and each of these involves a distinct group and occurs at a different time This book explores each of those judgments establishing as closely as possible a timeline for their occurrences as well as a description of who is being judged and the criteria and consequences of that judgment Scriptural references are provided throughout to support the author s description of each judgment

God of Love and God of Judgement Stephen K. Moroney,2009-07-06 How can a God of love also be a God of judgment If God loves everyone what is the point of judgment Does God change from being wrathful in the Old Testament to loving in the New Testament Can we discern God s judgments in current events such as hurricanes and personal tragedies Is it ever right for humans to judge These are not just daunting issues for theologians to ponder They are urgent questions for everyone Our answers profoundly affect how we relate to God and how we live with one another Coming to grips with these issues is vital for our spiritual journeys Many people today emphasize God s love and downplay his judgment The problem with this approach is that God s judgment is taught in Scripture from the beginning of Genesis to the end of Revelation and it is a core part of the gospel preached by Jesus and his apostles There are problems at the other end of the spectrum too when we believe in a God of judgment who is not also a God of love It is impossible for us to find spiritual peace when we live in constant dread of God pictured as a harsh judge whom we can never please This book calls us to embrace a more full biblical

image of God one that joins his love and judgment together Additionally the book shows that as those who are made in God's image we can fuse love and judgment together constructively in our own daily lives To a world of smiley faced bumper stickers assuring us that God is love Stephen Moroney bravely asks What do we do with the judgment justice and wrath of God all occurring in rather impressive numbers throughout scripture His well crafted and engaging answer is that we do a disservice to God as well as to ourselves when we try to have one either a God of love or a God of judgment without the other

JUDGMENTS OF GOD Tumisang Mabe ,2024-04-20 What comes to your mind when you think about judgement How do one live with the knowledge that we will be judged by God at the end of time How do we please God to make sure that we secure His good judgement Do you imagine God sitting on His throne and pronouncing judgements to His creation Judgement for me is what brings balance to the imbalance caused by right and wrong What is judgment for you Do you see judgement as some right to do to correct wrong In human society we perceive God not to be a God that can judge or cast one to hell fire All the theories about hell are all speculations in morden minds or in all generations of men We understand the fact that there is life after death but we don't perceive that we can be casted to hell fire because of our sins Do you see hell and heaven as good judgements from God If we believe there is God in heaven then we ought to think that this God should be a person with principles and a way in which He disciplines wrong Hell is a place God created for Satan and those who refuse to accept His offer of mercy on the cross will unfortunately be casted there I have come to believe that when one disciplines for example their children that could be explained as good judgement Is hell a good judgement One of the greatest truth about God is that He is Love God reveals His love to us in different ways We cannot imagine God to be a God that can destroy or bring terrible judgement To be honest most of us know the love side of God It is good to know the love side of God but we must not forget that God is a judge and as a judge He has to do some things according to justice For example when men sinned and God wanted to judge them three things happened in God the judgements of God says The wages of sin is death Mercy says Mercy prevails over judgement And Love says Man cannot die because you love them According to the justice of heaven these three things must balance Now to balance justice God decide to leave His glory in heaven and wear flesh and die for men whom He had created In dying the claims of divine justice were being satisfied If we can see God as the God of judgement then the place of God in our lives would be honored and greatly appreciated **The Judgment** J. The Righteous Judgment of God John Richard Coulson, 2016-12-22 This book seeks to fill a gap on the important topic of God's judgment It is written for Christians who desire to have a biblical worldview that helps them to live faithfully for Jesus Christ It investigates what the apostle Paul has to say in his letters about God's judgment The worldview that emerges is one that must not be ignored of judgment as fundamental to our human life as Adam's descendants of God's judgment at work in the world today and of the final judgment as the certain future for every person At the center is the decisive judgment of our sin in Christ at the cross which is God's answer to our judgment problem For each of these four aspects of judgment key questions are considered with the central question being How do we live in the light of this truth *Judgement and the Epistemic Foundation of Logic* Maria van der Schaar, 2012-11-28 This compelling reevaluation of the relationship between logic and knowledge affirms the key role that the notion of judgement must play in such a review The commentary repatriates the concept of judgement in the discussion banished in recent times by the logical positivism of Wittgenstein Hilbert and Schlick and the Platonism of Bolzano The volume commences with the insights of Swedish philosopher Per Martin L f the father of constructive type theory for whom logic is a demonstrative science in which judgement is a settled feature of the landscape His paper opens the first of four sections that examine in turn historical philosophical assessments of judgement and reason their place in early modern philosophy the notion of judgement and logical theory in Wolff Kant and

Neo Kantians like Windelband their development in the Husserlian phenomenological paradigm and the work of Bolzano Russell and Frege The papers whose authors include Per Martin L f G ran Sundholm Michael Della Rocca and Robin Rollinger represent a finely judged editorial selection highlighting work on philosophers exercised by the question of whether or not an epistemic notion of judgement has a role to play in logic The volume will be of profound interest to students and academicians for its application of historical developments in philosophy to the solution of vexatious contemporary issues in the foundation of logic
