The Poetics of Genre in the Contemporary Novel Tim Lanzendörfer, 2015-11-19 The Poetics of Genre in the Contemporary Novel investigates the role of genre in the contemporary novel taking its departure from the observation that numerous contemporary novelists make use of popular genre influences in what are still widely considered to be literary novels it sketches the uses of the work and the value of genre It suggests the value of a critical look at texts genre use for an analysis of the contemporary moment From this it develops a broader perspective suggesting the value of genre criticism and taking into view traditional genres such as the bildungsroman and the metafictional novel as well as the kinds of amalgamated forms which have recently come to prominence In essays discussing a wide range of authors from Steven Hall to Bret Easton Ellis to Colson Whitehead the contributors to the volume develop their own readings of genre's work and valence in the contemporary novel

Writing Backwards Alexander Manshel, 2023-11-21 Finalist 2025 SHARP Book History Book Prize Society for the Study of the History of Authorship Reading and Publishing Contemporary fiction has never been less contemporary Midcentury writers tended to set their works in their own moment but for the last several decades critical acclaim and attention have fixated on historical fiction This shift is particularly dramatic for writers of color Even as the literary canon has become more diverse

cultural institutions have celebrated Black Asian American Latinx and Indigenous novelists almost exclusively for their historical fiction Writing Backwards explores what the dominance of historical fiction in the contemporary canon reveals about American literary culture Alexander Manshel investigates the most celebrated historical genres contemporary narratives of slavery the World War II novel the multigenerational family saga immigrant fiction and the novel of recent history alongside the literary and academic institutions that have elevated them He examines novels by writers including Toni Morrison Viet Thanh Nguyen Colson Whitehead Julia Alvarez Leslie Marmon Silko Michael Chabon Julie Otsuka Yaa Gyasi Ben Lerner and Tommy Orange in the context of MFA programs literary prizes university syllabi book clubs and the National Endowment for the Arts Manshel studies how historical fiction has evolved over the last half century documenting the formation of the newly inclusive literary canon as well as who and what it still excludes Offering new insight into how institutions shape literature and the limits of historical memory Writing Backwards also considers recent challenges to the historical turn in American fiction

Understanding Colson Whitehead

Derek C. Maus, 2021-04-07 An inviting point of entrance into the truth seeking genre defying novels of the award winning author In 2020 Colson Whitehead became the youngest recipient of the Library of Congress Prize for American Fiction Although Whitehead's widely divergent books complicate overarching categorization Derek C Maus argues that they are linked by their skepticism toward the ostensible wisdom inherited from past generations and the various forms of stories that transmit it Whitehead best known for his Pulitzer Prize winning novel *The Underground Railroad* bids readers to accompany him on challenging often open ended literary excursions designed to reexamine and frequently defy accepted notions of truth Understanding Colson Whitehead unravels the parallel structures found within Whitehead's books from his 1999 debut *The Intuitionist* through 2019's *The Nickel Boys* for which he won his second Pulitzer Prize for Fiction By first imitating and then violating their conventions Whitehead attempts to transcend the limits of the formulas of the genres in which he seems to write Whitehead similarly tests subject matter again imitating and then satirizing various forms of conventional wisdom as a means of calling out unexamined ignored or malevolent aspects of American culture Although it is only one of many subjects that Whitehead addresses race is often central to his work It serves as a prime example of Whitehead's attempt to prompt his readers into revisiting their assumptions about meanings and values By upending the literary formulas of the detective novel the heroic folktale the coming of age story the zombie apocalypse the slave narrative and historical fiction Whitehead reveals the flaws and shortcomings by which Americans have defined themselves In addition to evoking such explicitly literary storytelling traditions Whitehead also directs attention toward other interrelated historical and cultural processes that

influence how race class gender education social status and other categories of identity determine what an individual supposedly can and cannot do *New Sincerity* Adam Kelly,2024-10-08 The years 1989 2008 were an era of neoliberal hegemony in US politics economy and culture Post 45 scholar Adam Kelly argues that American novelists who began their careers during these years specifically the post baby boom generation of writers born between the late 1950s and early 1970s responded to the times by developing in their fiction an aesthetics of sincerity How and in what way these writers ask can you mean what you say and avow what you feel when what you say and feel can be bought and sold on the market What is authentic art in a historical moment when the artist has become a model for neoliberal subjectivity rather than its negation Through six chapters focused on key writers of the period including Susan Choi Helen DeWitt Jennifer Egan Dave Eggers George Saunders Dana Spiotta Colson Whitehead and David Foster Wallace the book explores these central questions while intervening critically in a set of debates in contemporary literary studies concerning aesthetics economy gender race class and politics Offering the capstone articulation of a set of influential arguments made by the author over a decade and more *New Sincerity* constitutes a field defining account of a period that is simultaneously recent and historically bound and of a generation of writers who continue to shape the literary landscape of the present **The African American Experience in**

Crime Fiction Robert E. Crafton,2015-06-08 An immensely popular genre crime fiction has only in recent years been engaged significantly by African American authors Historically the racist stereotypes often central to crime fiction and the socially conservative nature of the genre presented problems for writing the black experience and the tropes of justice and restoration of social order have not resonated with authors who saw social justice as a work in progress Some African American authors did take up the challenge Pauline Hopkins Rudolph Fisher and Chester Himes led the way in the first half of the 20th century followed by Ishmael Reed s anti detective novels in the 1970s Since the 1990s Walter Mosley Colson Whitehead and Stephen L Carter have written detective fiction focusing on questions of constitutional law civil rights biological and medical issues education popular culture the criminal justice system and matters of social justice From Hopkins s Hagar s Daughter published in 1901 to Hime s hardboiled Harlem Detective series to Carter s patrician world of the black bourgeoisie these authors provide a means of examining literary and social constructions of the African American experience Instructors considering this book for use in a course may request an examination copy here Engaging

Tradition, Making It New Stephanie Brown,Éva Tettenborn,2020-12-15 *Engaging Tradition Making It New* offers a rich collection of fresh scholarly and pedagogical approaches to new African American literature Organized around the theme of transgression the collection focuses on those writers who challenge the reading habits and expectations of students and instructors whether by engaging themes and literary forms not usually associated with African American literature or by departing from traditional modes of approaching historical social or legal struggles Each chapter offers a specific reading of a particular novel memoir or poetry collection sometimes in concert with a second related text and suggests both a useful

critical context and one or more pedagogical approaches Engaging Tradition Making It New points the way toward exciting new methods of teaching and researching authors in this dynamic field Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller,2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s The Ambassadors to McCarthy s The Road These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification The Encyclopedia of Twentieth-Century Fiction, 3 Volume Set Brian W. Colson Whitehead Kimberly Fain, 2015-05-07 From his first novel *The Intuitionist* in 1999 Colson Whitehead has produced fiction that brilliantly blurs genre and cultural lines to demonstrate the universal angst and integral bonds shared by all Americans By neglecting to mention a character's racial heritage Whitehead challenges the cultural assumptions of his readers His African American protagonists are well educated and upwardly mobile and thus lack some of the social angst that is imposed by racial stratification Despite the critical acclaim and literary awards Whitehead has received there have been few in depth examinations of his work In *Colson Whitehead: The Postracial Voice of Contemporary Literature* Kimberly Fain explores the work of this literary trailblazer discussing how his novels reconstruct the American identity to be inclusive rather than exclusive and thus broaden the scope of who is considered an American Whitehead attempts this feat by including African Americans among the class of people who may achieve the American Dream assuming they are educated and economically mobile While the conflicts faced by his characters are symptoms of the universal human condition they assimilate at the expense of cultural alienation and emotional emptiness In addition to *The Intuitionist* Fain also examines *John Henry Days* *Apex Hides the Hurt* *The Colossus of New York* *Sag Harbor* and *Zone One* demonstrating how they bend genre tropes and approach literary motifs from a postracial perspective Comparing the author to his African American and American literary forebears as well as examining his literary ambivalence between post blackness and postracialism Colson Whitehead offers readers a unique insight to one of the most important authors of the twenty first century As such this book will be of interest to scholars of African American literature American literature African American studies American studies multicultural studies gender studies and literary theory

The Dream of the Great American Novel Lawrence Buell, 2014-02-10 Magisterial make s you suddenly see new things in familiar books brilliant analyses of a dozen or so front runners in the Great American Novel sweepstakes Michael Dirda *Virginia Quarterly Review* The idea of the great American novel continues to thrive almost as vigorously as in its nineteenth century heyday defying more than 150 years of attempts to dismiss it as amateurish or obsolete In this landmark book the first in many years to take in the whole sweep of national fiction Lawrence Buell reanimates this supposedly antiquated idea demonstrating that its history is a key to the dynamics of national literature and national identity itself The dream of the G A N as Henry James nicknamed it crystallized soon after the Civil War In fresh in depth readings of selected contenders from the 1850s onward in conversation

with hundreds of other novels Buell delineates four scripts for G A N candidates and their themes illustrated by such titles as The Scarlet Letter The Great Gatsby Invisible Man Uncle Tom s Cabin Beloved Moby Dick and Gravity s Rainbow works dwelling on topics from self invention to the promise and pitfalls of democracy The canvas of the great American novel is in constant motion reflecting revolutions in fictional fashion the changing face of authorship and the inseparability of high culture from popular As Buell reveals the elusive G A N showcases the myth of the United States as a nation perpetually under construction Engaging and provocative ultimately affirms the importance of literature to a nation s sense of itself Sarah Graham Times Literary Supplement Rich in critical insight Buell wonders if the GAN isn t stirring again in surprising new developments in science fiction An impressively ambitious literary survey Booklist starred review [Class and Culture in Crime Fiction](#) Julie H.
