How did I prepare for:

1. Preparation

Thinking like the researcher:

1. Researcher often researches differences but writing this research:

The researcher that there are multiple versions, not just one. Showing that there is just one version is not the goal. The goal is to show that there are multiple versions and to show that they are different from each other.

2. Why does this research matter? Why is this research important? What is the significance?

Researcher should understand research and report it in a way that is not just a report on the research, but also a report on the research. The researcher should understand the research and report it in a way that is not just a report on the research, but also a report on the research.

3. What does it for the research? What is the research?

Song of Songs: An Introduction and Study Guide J. Cheryl Exum,2022-07-14 The Song of Songs also known as the Song of Solomon is an unusual book to find in the Bible As the Bible's only love poem the Song offers a unique picture of relations between the sexes in biblical times Unlike other biblical books it consists entirely of dialogue It looks at love from both a woman's and a man's point of view and shows the reader what love is like exclusively through what lovers say about it There are few issues in Song of Songs interpretation that are not open to debate which makes it a fascinating book to study In this Guide Cheryl Exum provides a concise survey of the principal questions encountered in Song of Songs scholarship She also takes the discussion beyond the traditional research questions to introduce readers to new and ongoing areas in Song of Songs research Bibliographies and suggestions for further reading at the end of each chapter provide additional resources
