professional success **Corporate Risk Management for International Business** Ayse Kucuk Yilmaz, Triant Flouris, 2017-05-18 This book presents research on how businesses can be empowered to manage their company's risk exposure in international settings. It elaborates on approaches that advocate the minimizing of threats and sizing opportunities as the best strategy through which corporate objectives are maximized. With a focus on international business management, the book starts off with a review of literature and companies that are international in nature before presenting several main chapters that highlight the different vital sides of both international business and risk management. *Corporate Risk Management for International Business* serves as a key source for managers and academic researchers in risk management and strategy to understand all related issues of managing risks and setting strategies in a global way. The book also serves as a decision making guide for managers that are active in volatile and dynamic environments of international business.

Health Program Management Beaufort B. Longest, Jr., 2014-09-17 Learn how to effectively plan, implement and evaluate health programs. *Health Program Management From Development Through Evaluation Second Edition* is a practical and useful introduction to the management of health programs. While providing an overview of the current best practices in management, the textbook goes beyond simple management techniques, teaching students how to develop, lead and evaluate their programs to ensure quality outcomes. The focus is on the three core management concepts of strategy design and leadership, but time is also devoted to describing facilitative management activities integral to successful programs. Students will learn techniques for communication, decision making, quality assurance, marketing and program evaluation within the structure of the book's program management model. Logically organized with a separate chapter for each activity, this resource provides a thorough systematic overview of the effective development, implementation and evaluation of health programs. *Health Program Management From Development Through Evaluation Second Edition* provides a comprehensive approach to management throughout all stages of a health program. Learn to develop a strategy that steers the program toward specific goals. Discover how to design, market and lead an effective health program. Become familiar with the manager's role in a quality health program. Evaluate potential and existing programs for performance and capability. Students and aspiring managers and leaders preparing themselves for the challenges of managing health programs will find the information and techniques to develop the skills they need in *Health Program Management From Development Through Evaluation Second Edition*.

The Emerald Handbook of Entrepreneurship in Tourism, Travel and Hospitality Marios Sotiriadis, 2018-07-11 This book is a practical handbook for entrepreneurship in tourism related industries. The book will provide students and prospective entrepreneurs with the knowledge, know-how and best practices in order to assist them in planning, implementing and managing business ventures in the field of tourism.

International Books in Print, 1986
