Violin Playing By Robert Trory

Wm C. Honeyman

Violin Playing By Robert Trory:

Violin Playing Robert Trory, 2006 Violin Playing Robert Trory, 2007-11-01 International Record Review , 2003
The Musical World , 1841 **The Strad** , 1947 Radio Times , 1966 Violin Playing ... Fourth Edition John Dunn
(Violinist), 1923 VIOLIN PLAYING AS I TEACH IT LEOPOLD. AUER, 2018 **The Secrets of Violin Playing** W. C.
Honeyman, 2008-10

PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of all flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the

same argument holds good as to stream fishing *Violin Playing as I Teach it* Leopold Auer,1921 *Violin Playing as I Teach it* (1921) Leopold Auer,1921 **Violin Playing as I Teach it** Leopold Auer,1930 **Violin Playing** John Dunn,1915

The Secrets of Violin Playing Wm C. 1845-1919 Honeyman,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant A *Treatise on the Fundamental Principles of Violin Playing* Leopold Mozart,1951 **The Technics of Violin Playing** Karl Courvoisier,1908 **Modern Violin-Playing (Classic Reprint)** Samuel B. Grimson,2019-02-11 Excerpt from Modern Violin Playing Well the strict and truthful answer to this query is that first of all nobody is born with a divine gift of violin playing any more than he is born with a divine gift of walking or of talking the language of his own parents He has to learn all three About once in a hundred thousand times it happens that a player hits on the correct mechanical procedure by accident just as about once in a hundred thousand times an engineer might guess the tensions of his steel bridge correctly The engineer can only repeat his success by the miracle of a second lucky guess In that respect the violinist has the advantage over him When once he has hit on the right method he recognizes its value by its artistic results He tests it and finds that with him it always works That gives him the one thing for which he is searching personal security on his instrument The physical why and wherefore of the matter never crosses his mind But observe the vast difference between the two cases from the teacher s point of view N O one out of a lunatic asylum would ap point the guessing engineer to a university chair of engineering The violinist on the other hand though he is certain to have all the artist s distaste for definition and all the artist s confusion as between means and sensation is immediately labelled genius N ow so long as he remains in the genius business there is not one word to be said against him But as soon as that cap is stuck on his head he becomes a potent money drawing attraction as a teacher And there the trouble begins He collects a great many expensive pupils who come to learn the mysteries of his art In the class room they all stand round him open mouthed with the words How is it done And he has not the remotest idea of any satisfactory answer to these terribly searching words He may Show them how of course He may play the actual passage under discussion If it comes off the first time all he can answer to their question is Like that If it doesn t come off the first or second time he has to try again blaming his bow or perhaps the weather for his earlier failures And even if he plays the passage finally nay even if he plays it finally with the most perfect and con summate art his pupils have learned nothing technically After the exhibition one can only say that he differs from them in that he can play the passage sometimes and they can not About the Publisher Forgotten Books publishes hundreds of thousands of rare and

classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The Secrets of Violin Playing Wm C.

Honeyman,2017-10-16 Excerpt from The Secrets of Violin Playing Being Full Instructions and Hints to Violin Players for the Perfect Mastery of the Instrument The extensive field over which my little works appear to have travelled has called forth a very great amount of correspondence always eulogistic but generally containing also many practical questions on points not fully explained in the books On many of these points there must always be some difference of opinion but so far as it is in my power I shall endeavour to make them clear in these pages in a manner so impartial that the reader may to a great extent rely upon his own judgment in the adoption or rejection of the hints Many of them need not be placed before a beginner at all inasmuch as so many minute details are apt to scare a young player It is therefore to violin players more than beginners that I now address myself and more especially the earnest student About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Secrets of Violin Playing*
