Voodoo Handbook Of Cult Secrets:

Voodoo Handbook of Cult Secrets Anna Riva, 1974-01-01 *Vodou Visions* Sallie Ann Glassman, 2014-08-30 This book introduces readers to Vodou's rich history powerful ancestors and vibrant spirits known as Lwa With more than one hundred breathtaking illustrations *Vodou Visions* reveals how to honor and invoke the Lwa with specific ceremonial offerings and litanies Using methods drawn from more than twenty years of practice Vodou priestess Sallie Ann Glassman shares purification and empowerment rituals for individuals communities homes and spiritual spaces **Utterly Wicked** Dorothy Morrison, 2020-05-11 Protect yourself and maybe indulge in a little payback with practical instructions from one of the most beloved figures of Wicca and the Neo Pagan movement *Utterly Wicked* is one of the most important books I own and one that every serious witch and magical practitioner should have on their shelf Mat Auryn author of *The Psychic Witch* Hexes curses and other unsavory notions most magical practitioners won't even discuss them Why Because they'd much rather find a positive solution that benefits all concerned And there's nothing wrong with that Occasionally though our problems are such that nothing in the positive solution arena will handle them It's time to make a decision to stand tough be strong and take definitive action to defend ourselves And if you're ready to do that if you're ready to own that action and take responsibility for it then *Utterly Wicked* is for you Jam packed with more than one hundred rituals incantations hexes and curses this is the quintessential primer for learning all the magical tricks no one wants to talk about Do you know the proper way to enter a cemetery *Utterly Wicked* tells you how as well as the proper methods for collecting and using graveyard dirt Explore the little known secrets of the 11 inch fashion doll and see why it's become such a valuable magical tool Learn how to prepare Hot Foot Powder Four Thieves Vinegar Goofer Dust and other magical components designed to obliterate your toughest problems Most important you'll find the tools to protect yourself your family and your home from ever being bothered with these sorts of difficulties again *Grimoires*, 2010-09-23 What is a grimoire The word has a familiar ring to many people particularly as a consequence of such popular television dramas as *Buffy the Vampire Slayer* and *Charmed* But few people are sure exactly what it means Put simply grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia At their most benign they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and worst of all to call up and make a pact with the Devil Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day But the grimoire represents much more than just magic To understand the history of grimoires is to understand the spread of Christianity the development of early science the cultural influence of the print revolution the growth of literacy the impact of colonialism and the expansion of western cultures across the oceans As this book richly demonstrates the history of grimoires illuminates
