1 Lyric Poetry and the New Criticism

The question "What is lyric poetry?" has never been adequately answered. Few studies focus on this question exclusively, and the question is rarely confronted fully. The scholarly lore that surrounds the lyric has been determined more by practical occasion than by theoretical attention. Comment on the lyric has been mainly descriptive, with few explanatory principles offered to motivate these descriptions. In his inaugural address to the Toronto symposium on the lyric in 1982, Northrop Frye proclaimed, "It is high time for critical theory to come to firmer grips with the lyrical element in literature" (Hosek and Parker, eds. 37). Indeed it is "high time."[<1>](#)

Theoretical concern for the lyric is strongly associated with the New Criticism, but the New Criticism never substantially advanced our theoretical understanding of the lyric. For the most part, the poet-critics who were leaders of the New Criticism (Eliot, Ransom, Brooks, Richards, Empson, etc.) left us no detailed studies of the basic elements of lyric expression (visual form, sound, intonation, syntax, rhetorical tropes and schemes, versification, rhythm, etc.), much less of their complex interrelations. The Breaking of Style Helen Vendler,1995 Lucid and elegant a tour de force A O Scott Nation Three lectures on the fraught process of poetic development from a titan of contemporary criticism Style is the material body of lyric poetry To cast

off an earlier style is to commit an act of violence against the creative self Why do poets so often make these dramatic breaks In her 1994 Richard Ellman Lectures Helen Vendler investigates poets motives for inventing a new voice along with their means of doing so Exploring three archetypal ruptures she yields a new view of the interplay of moral emotional and intellectual forces in each poet s work Gerard Manley Hopkins s invention of sprung rhythm marks a radical break with his early style Rhythm Vendler shows us is at the heart of Hopkins s aesthetic and sprung rhythm is his symbol for danger difference and the shock of the beautiful In Seamus Heaney s work she identifies clear shifts in grammatical atmosphere from one poem to the next from nounness to the betweenness of an adverbial style shifts whose moral and political implications come under scrutiny here And finally Vendler looks at Jorie Graham s departure from short lines to numbered lines to squared long lines of sentences marking a move from deliberation to cinematic freeze framing to coverage each with its own meaning in this poet s career Throughout Vendler reminds us that what distinguishes successful poetry is a mastery of language at all levels including the rhythmic the grammatical and the graphic A lucid reading of three poets and a superb exposition of the craft of poetry The Breaking of Style revives our lapsed sense of what style means

Handbook of Poetic Forms Jessica Bundschuh,Irmtraud Huber,2025-10-06 This Handbook of Poetic Forms aims to offer historically informed approaches to a wide variety of poetic forms A particular emphasis will be on considering poetic form in dialogue with the cultural context in which it is being used as well as within the literary tradition of each form and to explore the stable as well as the historically variable affordances of each form in such contexts Hereby the focus lies on prescriptive forms that is on poetic forms which are defined by or at least associated with specific metrical stanzaic or overall structures or the absence of such rather than poetic genres that are primarily characterised by similarities in subject matter like the elegy or the ode While this Handbook should be accessible to students its aim is not to offer basic introductions but rather to broaden a historical and functional understanding of the poetic forms it covers and to engage with poetic forms not as givens but as historically contingent processes of formation Above all this Handbook s formalism is new formalist in emphasising historical awareness and contextualisation

A Persevering Witness Elizabeth Davey, 2016-05-16 Margaret Avison one of Canada's premier poets is a highly sophisticated and self-conscious writer both charming and intimidating at the same time She calls to mind her more famous predecessors the religious poets George Herbert Gerard Manley Hopkins and T S Eliot as she vigorously engages both heart and intellect She has forged a way to write against the grain some of the most humane sweet and profound poetry of our time write the judges of the 2003 Griffin Poetry Prize Becoming a Christian in her mid forties her life and her vocation were transformed and her lyrics record that shift In *Muse of Danger* she writes to Christian college students But in His strange and marvelous mercy God nonetheless lets the believer take a necessary place as a living witness in behavior with family and classmate and stranger in conversation or in a poem How she blends her twin passions of poetry and Christian faith becomes a story of a kind of perseverance Readers who respond with understanding and empathy recognize both the distinctive mystery of poetic witness and the mystery inherent in Christ's saving work to which it points Her enduring witness becomes an implicit call for us to persevere in what Avison identifies as the mix of resurrection life and marred everyday living

on auditory and visual effects and proceeding in the interests of environmental advocacy and social justice often in contrast to the more orthodox concerns of literary modernism global capitalism and print culture Focusing on poets of international reputation such as Elizabeth Bishop Pablo Neruda Charles Olson and William Carlos Williams *Places in the Making* also considers work by more recent figures including Kamau Brathwaite Joy Harjo Myung Mi Kim and Craig Santos Perez In its larger comparative multiethnic and transnational emphases this book addresses questions of particular moment in American literary and cultural studies and aspires to serve as a catalyst for further interdisciplinary work connecting geography and the humanities
