

America's Best Customer Service 2019

Companies in the United States awarded the highest scores in the following categories

Cruise Operators

Supermarkets

Upscale Hotel Chains (4 to 5 stars)

Commercial Banks

Perfume and Cosmetics (Online)

The survey consisted of 20,000 consumers. Companies were scored out of 10, which was calculated based on the Net Promoter Score* and performance in 5 criteria: quality of communication, technical competence, range of services, customer focus and accessibility. The 5 categories with the highest scores on average are shown here.

Top Customer Service Companies 2009:

A Guide to the Top 100 Companies in China Wenxian Zhang, Ilan Alon, 2010 This new reference book providing detailed descriptions of the top 100 major business enterprises in China is a companion book of the recently published Biographical Dictionary of New Chinese Entrepreneurs and Business Leaders by the same editors Together these two publications provide in depth and up to date information for the study and understanding of the fabric of the business sector of China

Customer Service in Tourism and Hospitality Simon Hudson, Louise Hudson, 2012-11-30 Provides the whys and hows of customer service Easy to read very current and full of references to all the latest research Chapters cover financial and behavioural consequences of customer service consumer trends developing and maintaining a service culture managing service encounters CRM and much more

What's Your Customer's Problem? Fred Wiersema, 2010-02-01 Business strategist and New York Times bestselling author Fred Wiersema presents his latest insights and advice on achieving customer intimacy in a series of new practical digital only guides This one focuses on the critical importance of identifying your customers true problem Changes are it s not what you or they think But it s vital if you want to keep customers coming back especially in these tough economic times It was a rotting old fence around my swimming pool that drove home the power of deeply analyzing customer problems I thought a traditional white picket fence would be perfect to replace it The first two contractors made their measurements discussed the materials calculated and gave me prices But the third surprised me Why do you want a white fence Have you ever thought about black He explained that a black fence would blend into the background making the surrounding area more visible while a white fence would make the pool area more intimate and enclosed My wife and I had never thought about that Next he asked why we were replacing the old fence I thought it was obvious It was falling apart and needed to be repainted every few years Have you considered an anodized aluminum fence It would last pretty much forever he said That clinched the deal He d offered a better answer for needs we didn t even realize we had

What Great Service Leaders Know and Do James L. Heskett, W. Earl Sasser, W. Earl Sasser Jr., Leonard A. Schlesinger, 2015-09 In this book the authors cover every aspect of optimal service leadership the best hiring training and workplace organization practices the creation of operating strategies around areas such as facility design capacity planning queue management and more the use and misuse of technology in delivering top level service and practices that can transform loyal customers into owners They describe the world of great service leaders in which both and thinking replaces trade offs It s a world in which new ideas will be tested against the sine qua non of the service trifecta Wins for employees customers and investors And it s a world in which the best leaders admit that they don t have the answers and create organizations that learn innovate sense and respond operate with fluid boundaries and seek and achieve repeated strategic success

Customer Service for Hospitality and Tourism Simon Hudson, Louise Hudson, 2012-11-02 Customer service is of critical importance for the tourism and hospitality sector now more than ever before as customers are looking to increase

value for money and are less forgiving of mediocre service. However, despite its importance, quality customer service is the exception rather than the norm in many parts of the world. Customer Service for Hospitality and Tourism is a unique text and vital to both students and practitioners as it explains not only the theory behind the importance of customer service but also acts as a guidebook for those wishing to put this theory into practice. In essence, it is the whys and hows of customer service. It is easy to read, very current, and full of references to all the latest research from both academic and practitioner literature. Chapters cover important topics such as the financial and behavioural consequences of customer service, consumer trends influencing service development, and maintaining a service culture. Managing service encounters, the importance of market research, building and maintaining customer relationships, providing customer service through the servicescape, the impact of technology on customer service, the importance of service recovery, and promoting customer service internally and externally. Key features include an 'At Your Service' Spotlight at the beginning of each chapter, focusing on the achievements of successful individuals related to the art of customer service. Each chapter contains a Service Snapshot, short real-life cases to illustrate a particular concept or theoretical principle presented in the chapter. Detailed international Case Studies, which cover a variety of sectors, organizations, and regions, designed to foster critical thinking. The cases illustrate actual business scenarios that stress several concepts found in the chapter. They analyze customer service in the U.S., South America, South Africa, Europe, Russia, Australia, China, Canada, Korea, and Dubai.

The Ultimate Online Customer Service Guide Marsha Collier, 2010-12-15. Make your online customers happy and create new ones with this winning guide. Social media gives you an unparalleled vehicle for connecting and engaging with an unlimited number of customers. Yet this vehicle is different than other more impersonal forms. With social media, reps become part of their customers' lives. They follow back. They handle complaints immediately. They wish customers happy birthday. They grow their brands by involving themselves in communities. The Ultimate Online Customer Service Guide gives you the keys to authentic and engaged service to customers through social media. Using a blend of case studies, a primer on classic online customer service, and instructions on how to execute quality customer service, this book enables you to access the opportunities that social media presents as a means of serving customers. Authentically use social media to connect with customers to boost your bottom line. Attract new customers through your online presence. Achieve higher GMS (Gross Merchandise Sales) with quality customer service. Social media gives you a new and growing realm to distinguish your business. Create a productive presence in this interactive space with The Ultimate Online Customer Service Guide.

Looking Beyond the Runway Professor Nawal K Taneja, 2012-10-01 The global airline industry facing significant changes and discontinuity is prompted and forced to deal with a new normal Who would have imagined a few years ago that a significant percentage of consumers in the US now prefer to fly low cost airlines instead of full service airlines because they perceive the product to be better airlines would generate up to a third of their total income from non ticket revenue many low cost airlines would add complexity to their original simple business models through the development of code share agreements the use of global distribution systems and travel agents to distribute their seats Jetstar a low cost subsidiary of Qantas would grow faster and be more profitable than its parent a survey carried out by Ryanair would show that 42 percent of passengers would be willing to stand on short one hour flights if they could pay 50 percent less than seated passengers passengers could pay as little as US 2 000 for a transatlantic Business Class ticket on top brand airlines Lufthansa would have ownership in airlines based in Austria Belgium Italy Switzerland Turkey the UK and the US and that it would continue to pursue equity ownership in airlines based in Poland and Scandinavia or the Japanese and Canadian governments would struggle to find different ways to bail out their heretofore flag carriers To deal with this upcoming new normal airlines have to go beyond their short term circumstantial strategies they need strategic renewal of their ageing business model In this candidly written book Nawal Taneja explains what will separate the winners from the losers He maintains the leaders will be the airlines that 1 exploit this crisis driven change to their best advantage 2 learn to work around the airline inherent constraints that prevent them from running their businesses just like other businesses 3 learn from successes and failures of other global enterprises 4 sharpen their business intelligence analytics and strategic agility and 5 proactively explore the pockets of growth in this emerging markets century To help airline executives become informed of new competitive games the author analyzes numerous business sectors such as auto hospitality retail technology and entertainment For example relevant lessons can be learned from the strategic mistakes made by the US automakers Likewise emergent and compelling insights can be gained in superior customer experience from Ritz Carlton and Zappos and in value creating innovation from Cirque du Soleil and Zipcar The book also features a multitude of forewords from airlines and related businesses to provide

readers with multiple perspectives on the changing landscape in the global airline industry Nawal Taneja is a career analyst of the global airline industry with wide ranging experience in the aviation industry academia and public policy Encouraged by industry executives he has written five other books for practitioners in the global airline industry including FASTEN YOUR SEATBELT The Passenger is Flying the Plane and Flying Ahead of the Airplane Decision Making in Educational Leadership Stephanie Chitpin, Colin W. Evers, 2014-06-05 The increased focus on raising standards in education requires leaders to engage in complex decision making about teacher assessment mandated accountability measures and the collection and use of large amounts of data Showcasing exemplary practices of school and district administrators Decision Making in Educational Leadership covers issues concerning the role of emotion ethical and legal ramifications the use of data and complexity in decision making Chapter authors in this research based volume explore what administrators and school leaders actually know about educational problems how they draw upon and revise theories of action for responding to problems and which theories are tenable in educational decision making This important resource provides a broad and international perspective on effective models and methods of educational decision making and shares valuable knowledge about how theory can be translated into practice in a variety of school settings **Superior Customer Value** Art Weinstein, D. Hank Ellison, 2012-02-24 A customer centric culture provides focus and direction for the organization ensuring that exceptional value will be offered to customers this in turn results in enhanced market performance Unfortunately caught up in the daily economic and competitive pressures of running complex and fast changing businesses managers may lose sight of custo The Sociology of Work Keith Grint, Darren Nixon, 2025-09-04 The Sociology of Work 4th Edition This leading authoritative textbook has been carefully and substantially revised to provide the indispensable foundational resource for the sociology of work The fourth edition has been transformed to combine unrivalled explanations of classic theories with the most cutting edge research data and debates Keith Grint and Darren Nixon examine different sociological approaches to work emphasizing the links between social processes institutions of employment and their social and domestic contexts The fourth edition includes a new chapter on work and identity exploring issues such as the rise of consumption and the cultural economy work life balance the social meaning of work and unemployment a fully rewritten chapter that comprehensively reviews trends in the contemporary service economy particularly the rise of emotional and aesthetic forms of labour and the polarization of employment in the knowledge or informational economy a new concluding chapter that examines the structure of the global economy taking in debates around globalization precarious labour and public sector reforms and unemployment in the wake of the financial crisis and austerity updated bibliographic references and data throughout with particularly significant revisions to the sections on gender and work ethnicity and work and work technologies The book has been designed to support readers understanding of and to develop their critical approach to the field of work with a range of empirical evidence and examples helping to reveal the complex picture of work society relations

Written in a lively and accessible style the book also provides suggestions for further reading and seminar discussion questions This fourth edition will continue to be essential reading for students of the sociology of work industrial sociology organizational behaviour and industrial relations Students studying business and management courses with a sociological component will also find the book invaluable

Critically Ill Frederick S. Southwick, M.D., 2014-03-01 Two decades ago Dr Fred Southwick witnessed the near demise of his wife while she was being cared for in a prominent academic medical center For 15 years he blamed the individual physicians who cared for Mary However five years ago the doctor realized that encouraging individual physicians to try harder was not the solution As he started searching for answers Dr Southwick learned that the outdated model of medical care in our country results in fragmented care great inefficiency and 44 000 95 000 annual deaths due to preventable medical errors Despite calls to action by the Institute of Medicine and many patient safety organizations these statistics have persisted for over a decade In *Critically Ill* Mary s dramatic healthcare nightmare is used as a learning tool to reveal startling dangerous flaws in our current system of medical care and present a detailed five point action plan to cure healthcare delivery and bring about change
