Validity Argument for the Test of English as a Foreign Language™ Carol A. Chapelle, Mary K. Enright, Joan M. Jamieson, 2011-04-06 The Test of English as a Foreign Language™ TOEFL is used by more universities worldwide than any other test to assess English language proficiency for academic admission and placement decisions and to guide English language instruction This landmark volume provides a detailed description and analysis of Educational Testing Service's research and development efforts to develop a major revision of the TOEFL test The result is a book that serves as a case study of test design drawing upon theory in the complex domain of English language proficiency while attempting to meet standards of educational measurement Building a Validity Argument for the Test of English as a Foreign Language™ is distinctive in its attempt to develop a coherent story of the rationale for a test or its revision explain the research and development process and provide the results of the validation process Through its treatment of one test it expands on and tests principles and approaches to educational measurement providing an in depth integrated perspective on the overall process of test revision Moreover because the conceptual foundation and history are presented alongside the empirical studies and validity argument these sometimes disparate areas are presented in a way that demonstrates their connections an approach which represents a departure from or extension of conventional materials on test revision This volume is particularly relevant for professionals and graduate students in educational measurement applied linguistics and second language acquisition as well as anyone interested in assessment issues **Peterson's Graduate Programs in**

Reynolds,2010-06-07 The goals of this resource are broader than many standard books on writing assessment which focus on evaluating an individual s ability to create an effective piece of writing for a particular purpose Assessing Writing Assessing Learning seeks to support teachers administrators program directors and funding entities who want to make the best use of the resources at their disposal to understand what students are learning and why and then take actions based on what they have learned It also seeks to provide a common basis for communication among all the interested parties the writing professionals the people who identified the need for the program and the students The book has sections on planning tools different ways of collecting data and links to instruments and reporting examples provided Each section includes a discussion of issues and advice for working through the issue along with numerous examples plus a list of resources to consult to learn more The final chapter provides worksheets that may be reproduced and used to help those in charge of setting up and delivering a writing program to think through the issues presented A glossary of terms is also included *Trends in Language Assessment Research and Practice* Vahid Aryadoust,Janna Fox,2016-02-29 Despite prodigious developments in the field of language assessment in the Middle East and the Pacific Rim research and practice in these areas have been underrepresented in mainstream literature This volume takes a fresh look at language assessment in these regions and provides a unique overview of contemporary language assessment research In compiling this book the editors have tapped into the knowledge of language and educational assessment experts

whose diversity of perspectives and experience has enriched the focus and scope of language and educational assessment in general and the present volume in particular The six trends addressed in the 26 chapters that comprise this title consider such contemporary topics as data mining in class assessment and washback The contributors explore new approaches and techniques in language assessment including advances resulting from multidisciplinary collaboration with researchers in computer science genetics and neuroscience The current trends and promising new directions identified in this volume and the research reported here suggest that researchers across the Middle East and the Pacific Rim are playing and will continue to play an important role in advancing the quality utility and fairness of language testing and assessment practices
