

State of West Virginia Uniform Traffic Crash Report

This page is an overview of the crash itself, beginning with the location, date and time, number of vehicles involved, and number of injuries. Take note of the time the investigating police officer arrived, which may be many minutes or even hours later.

The report documents the type of crash and the environmental conditions that may have contributed to it. Those conditions, such as bad weather or a wet roadway surface, could contribute to liability if a driver was going too fast for the conditions or otherwise operating recklessly.

The investigating officer documents the first harmful event – that is, the first moment in the crash that caused injury or property damage. This may or may not be the first event of the entire crash.
