A Rhetoric of the Decameron Marilyn Migiel, 2003-01-01 Addressing herself equally to those who argue for proto feminist Boccaccio a quasi liberal champion of women's autonomy and to those who argue for a positivistically secure historical Boccaccio who could not possibly anticipate the concerns of the twenty first century Migiel challenges readers to pay attention to Boccaccio's language to his pronouns his passives his patterns of repetition and his figurative language She argues that human experience particularly in the sexual realm is articulated differently by the Decameron's male and female narrators and refutes the notion that the Decameron offers an undifferentiated celebration of Eros Ultimately Migiel contends the stories of the Decameron suggest that as women become more empowered the limitations on them including the threat of violence become more insistent Jacket
