Language and Learning in the International University Bent Preisler,Ida Klitgård,Anne Fabricius,2011 This book views the international university as a microcosm of a world where internationalization does not equate with across the board use of English but rather with the practice of linguistic and cultural diversity even in the face of Anglophone dominance The globalization localization continuum manifests itself in every university trying to adopt internationalization strategies The many cases of language and learning issues presented in this book from universities representing different parts of the world are all manifestations of a multidimensional space encompassing local vs global diversification vs Anglicization The internationalization of universities represents a new cultural and linguistic hybridity with the potential to develop new forms of identities unfettered by traditional us and them binary thinking and a new open mindedness about the roles of self and others resulting in new patterns of communicative educational and social practices Fostering Experiential Knowledge of Cultural Diversity Through Studying Abroad Mukuni, Joseph Siloka,2025-04-17 Study abroad programs have been used as unique opportunities

to study a country's globalization business skills diversity awareness entrepreneurship and workforce development Students learn from other students teachers administrators and community members who have first hand knowledge about the content form and goals of business education and the relationship between business education and the nation's economy Students may learn skills to navigate diverse cultures and new experiences Effective study abroad programs may prepare students with the necessary skills to enter the workforce Fostering Experiential Knowledge of Cultural Diversity Through Studying Abroad explores the impact that participating in study abroad programs has on fostering professional and personal development It encourages the development of cultural competence in education Covering topics such as cultural shocks academic integrity and personalized learning this book is an excellent resource for educators school administrators professionals researchers academicians and more
