Unpacking The Standards Powerpoints

Alicia R. Crowe, Alexander Cuenca

Unpacking The Standards Powerpoints:

Unpacking the Loaded Teacher Matrix sj Miller, Linda Norris, 2007 What issues in English teacher education are sidestepped because they are too loaded to address What aren't we talking about when we discuss classroom management censorship standardized tests media literacy social justice issues the standards and technology What really matters to novices entering the profession The authors in this book wrestle with the disparities between preservice English teacher instruction and secondary school space as the two collide and describe the tools that preservice English teachers need to negotiate and navigate between theory and practice This book answers these questions and offers groundbreaking insights about liberatory pedagogy for how teacher educators can mentor preservice teachers on touchy issues providing them with tools to reach today's students

Upgrade Your Curriculum Janet A. Hale, Michael Fisher, 2013-03-08 Amid a confluence of messages regarding accountability the Common Core State Standards teacher effectiveness and student performance educators everywhere are looking for ways to revitalize their curriculum design and instructional practice *Upgrade Your Curriculum Practical Ways to Transform Units and Engage Students* offers a solution providing students with meaningful relevant units of study developed by the educators who actually teach them The authors both curriculum experts advocate a gradual approach to transforming curriculum in which teachers work collaboratively to upgrade one unit at a time Drawing from a wealth of professional development experiences in schools across the United States and overseas the authors Address the foundational concepts involved in transforming curriculum Introduce their innovative transformational matrix an essential visual reference that classifies upgrades according to their effect on student learning and engagement Outline the four phases of the collaborative transformational process appraisal and brainstorming commitment and communication reactions and reflections and revisions Explain how to create units of study that engage students in higher order thinking authentically incorporate technology and web based tools and align with the Common Core Present transformational snapshots that reflect how real practitioners across all grade levels and subject areas have upgraded curriculum and instruction and increased student ownership of learning If we view curriculum and assessment choices as indicators of the direction in which our students are heading most of us would agree that they're currently traveling back to the 20th century Clearly we need to collectively step up our curriculum This indispensable guide offers strategic practical knowledge that will enrich your school's curriculum mapping efforts and help you create authentic engaging learning environments that prepare students for the future
