
Clinical Guidelines in Family Practice 5th Edition Uphold Graham Test Bank

Chapter 1 Health maintenance

MULTIPLE CHOICE

1. A client is reviewing a videotape without the assistance of the nurse for instruction. The type of teaching strategy this client is using is considered:

1. demonstration.
2. slides.
3. programmed instruction.
4. discussion.

ANS: 3

Programmed instruction is often referred to as canned presentation and is intended for use without the nurse. Demonstration, slides, and discussion require a nurse to be present.

PTS: 1 DIF: Analyze REF: Teaching Strategies: Programmed Instruction

2. The nurse is instructing a client regarding food safety, injury prevention, and occupational health. Which of the following Healthy People 2010 objectives is the nurse instructing the client?

1. Promote healthy behaviors
2. Promote healthy and safe communities
3. Improve systems for personal health and public health
4. Prevent and reduce diseases and disorders

ANS: 2

This objective addresses instruction that focuses on the health and safety of communities such as food safety, prevention of injury, and occupational health. Promoting healthy behaviors would include weight reduction and smoking cessation. Improve systems for personal health and public health would include immunization programs. Prevent and reduce diseases and disorders would

include instruction on screening programs, physician visits, and routine health maintenance care.

PTS: 1 DIF: Analyze REF: Health Promotion on a Global Level

3. A client has inadequate resources and impairment of personal support systems. Which nursing diagnosis would apply to this patient?

1. Noncompliance
2. Deficient knowledge
3. Ineffective health maintenance
4. Health-seeking behavior

ANS: 3

Defining characteristics for ineffective health maintenance includes impairment of personal support systems, observed inability to take responsibility for meeting basic health practices, demonstrated lack of knowledge, failure to recognize important symptoms reflective to altered health status, lack of health-seeking behaviors, and inadequate resources. Inadequate resources

Uphold And Graham Clinical Guidelines

Jill C. Cash, Cheryl A. Glass

Uphold And Graham Clinical Guidelines :

Clinical Guidelines in Family Practice Constance R. Uphold, Mary Virginia Graham, 2013 Clinical Guidelines in Family Practice 5th edition is the fully revised and updated version of a book that has been serving primary care clinicians for more than twenty years Using a traditional and easy to follow format the book examines all of the common conditions encountered in primary care settings while also addressing health promotion and disease prevention For each topic the essentials of pathophysiology clinical presentation diagnosis and corresponding treatment plans including prognosis and recommended follow up schedules are sequentially organized Also included are recommended web based resources and references to more in depth discussion of the various topics As in previous editions Clinical Guidelines in Family Practice aims for thoroughness in coverage and for concision in approach a formula that helps clinicians to efficiently recognize and treat the myriad medical conditions that they face as primary care providers Online book description
