The Corporation as a Protagonist in Global History, c. 1550-1750, 2018-12-10 William A Pettigrew and David Veevers put forward a new interpretation of the role Europe's overseas corporations played in early modern global history recasting them from vehicles of national expansion to significant forces of global integration Across the Mediterranean Atlantic Indian Ocean and Pacific corporations provided a truly global framework for facilitating the circulation movement and exchange between and amongst European and non European communities bringing them directly into dialogue often for the first time Usually understood as imperial or colonial commercial enterprises *The Corporation as a Protagonist in Global History* reveals the unique global sociology of overseas corporations to provide a new global history in which non Europeans emerged as key stakeholders in European overseas enterprises in the early modern world Contributors include Michael D Bennett Aske Laursen Brock Liam D Haydon Lisa Hellman Leonard Hodges Emily Mann Simon Mills Chris Nierstrasz Edgar Pereira Edmond Smith Haig Smith and Anna Winterbottom

Inner empire Daniel Maudlin, Alex Bremner, 2024-08-06 *Inner Empire* explores the impact of imperial cultures on the landscapes and urban environments of the British Isles from the sixteenth century through to the twentieth century It asserts that Britain's four hundred year entanglement with global empire left its mark upon the British Isles as much as it did the wider world Buildings stood as one of the most conspicuous manifestations of the myriad relationships that Britain maintained with the theory and practice of colonialism in its modern history Divided into two main sections the volume's content considers internal colonisation and its infrastructures of control order and suppression alongside wider relationships between architecture the imperial economy and cultural identity Taken together the essays in this volume present for the first time a coherent analysis of the British Isles as an imperial setting understood through its buildings spaces and infrastructure

Bright Star in the Present Prospect Ian Dunn, 2015-10-19 An illustrated history of the University of Chester charting its progress from the foundation as Chester Diocesan Training College in 1839 to the achievement of university status in 2005 and subsequent consolidation as a leading higher education institution in the region

Men, Masculinities and Honour-Based Abuse Mohammad Idriss, 2019-12-06 This book explores the largely neglected relationship between men masculinities and honour based abuse HBA There is a common misconception that HBA whether physical violence emotional abuse or so called honour killings occurs only against women This book addresses the gap in the current literature concerning the relationship between men masculinities and HBA With contributions from an international and interdisciplinary range of both academics and professionals the book examines HBA and forced marriages specifically from male victim perspectives both in the UK and internationally Providing a clear understanding of the main theoretical and sociological explanations of HBA against male victims the book demonstrates that although men are indeed the main perpetrators of HBA state agencies must address the fact that many men are also victims This book is essential reading for students academics and practitioners alike

The Oxford Guide to Australian

Languages Claire Bower, 2023-06-19 The Oxford Guide to Australian Languages is a wide ranging reference work that explores the more than 550 traditional and new Indigenous languages of Australia Australian languages have long played an important role in diachronic and synchronic linguistics and are a vital testing ground for linguistic theory Until now however there has been no comprehensive and accessible guide to their vast linguistic diversity This volume fills that gap bringing together leading scholars and junior researchers to provide an up to date guide to all aspects of the languages of Australia The chapters in the book explore typology documentation and classification linguistic structures from phonology to pragmatics and discourse sociolinguistics and language variation and language in the community The final part offers grammatical sketches of a selection of languages sub groups and families At a time when the number of living Australian languages is significantly reduced even compared to twenty years ago this volume establishes priorities for future linguistic research and contributes to the language expansion and revitalization efforts that are underway *Handbook on Green Infrastructure* Danielle Sinnett, Nick Smith, Sarah Burgess, 2015-11-27 Green infrastructure encompasses many features in the built environment It is widely recognised as a valuable resource in our towns and cities and it is therefore crucial to understand create protect and manage this resource This Handbook sets the context for green infrastructure as a means to make urban environments more resilient sustainable liveable and equitable Including state of the art reviews that summarise the existing knowledge as well as research findings this Handbook provides current evidence for the beneficial impact of green infrastructure on health environmental quality and the economy It discusses the planning and design of green infrastructure as a strategic network down to the individual features in a neighbourhood and looks at the process of green infrastructure implementation emphasising the importance of collaboration across multiple professions and sectors This comprehensive volume operates at multiple spatial scales from strategic networks at the regional level to individual features in neighbourhoods with international case studies used throughout to illustrate key examples of good practice This collection of expert contributions will be invaluable to students and academics in the fields of planning urban studies and geography Practitioners and policy makers will also find the policy discussion and examples enlightening **The Puzzle of the American Economy** Mark A. Pisano, 2017-03-09 Exploring how sweeping demographic changes have resulted in the ineffectiveness of recent monetary and fiscal policies this book identifies corrective actions that will start to reverse the trends of low economic growth and widespread government deficits The field of demographics does not focus on the economic impacts and the funding issues resulting from demographic change Similarly economics does not take into account demographic changes The omissions in both fields are negatively impacting the nation income reductions caused by demographic changes that have not been accounted for are so large that current fiscal policies are not able to mitigate them The Puzzle of the American Economy How Changing Demographics Will Affect Our Future and Influence Our Politics exposes the factors that are undermining the nation's prospects for improving the rate of economic growth and keeping up with

citizens needs for government provided services Author Mark A Pisano explains the hidden drag on the economy that has led to the ineffectiveness of recent monetary and fiscal policies how uncertainty in economic policymaking is affecting America politically as well as at the individual household level and why those who are adversely impacted are becoming politically disaffected He also presents an agenda for corrective individual action Readers will understand how the results of changes in demographics will last for decades and extend beyond the United States to many developed countries particularly Japan and nations in Europe as well as to some developing countries The book will be of value to students studying macro and micro economics those in public policy at all levels of government public administration and governmental budgeting and anyone attempting to understand the current dilemma in economic policymaking and our disjointed political process **Cold War**

Enthusiasms and Loyalties Keith Shepherd Grant,2022-11-15 The Enlightenment Atlantic was awash in deep feelings People expressed the ardour of patriots the homesickness of migrants the fear of slave revolts the ecstasy of revivals the anger of mobs the grief of wartime the disorientation of refugees and the joys of victory Yet passions and affections were not merely private responses to the events of the period emotions were also central to the era s most consequential public events and even defined them In *Enthusiasms and Loyalties* Keith Grant shows that British North Americans participated in a transatlantic swirl of debates over emotions as they attempted to cultivate and make sense of their own feelings in turbulent times Examining the emotional communities that overlapped in Cornwallis Township Nova Scotia between 1770 and 1850 Grant explores the diversity of public feelings from disaffected loyalists to passionate patriots and ecstatic revivalists He shows how certain emotions especially enthusiasm and loyalty could be embraced or weaponized by political and religious factions and how their use and meaning changed over time Feelings could be the glue that made loyalties stick or a solvent that weakened community bonds Taking a history of emotions approach *Enthusiasms and Loyalties* aims to recover and understand the wide range of political and religious emotions that were possible feelable in the Enlightenment Atlantic

A Legacy of Exploitation Susan Dianne Brophy,2022-05-15 It is unlikely that buyers of the Hudson s Bay Company s iconic multistripe point blanket these days reflect on the historically exploitative relationship between the company and Indigenous producers This critical re evaluation of the company s first planned settlement at Red River uncovers that history As a settler colonialist project par excellence the Red River Colony was designed to undercut Indigenous peoples troublesome autonomy and better control their labour Susan Dianne Brophy upends standard historical

portrayals by foregrounding Indigenous peoples autonomy as a driving force of change A Legacy of Exploitation offers a comprehensive account of legal economic and geopolitical relations to show how autonomy can become distorted as complicity in processes of dispossession Ultimately this book challenges enduring yet misleading national fantasies about Canada as a nation of bold adventurers Cybersecurity Challenges in the Age of AI, Space Communications and Cyborgs Hamid Jahankhani,2024-02-19 This book provides an opportunity for researchers scientists government officials strategist and operators and maintainers of large complex and advanced systems and infrastructure to update their knowledge with the state of best practice in the challenging domains while networking with the leading representatives researchers and solution providers The advancement of Artificial Intelligence AI coupled with the prolificacy of the Internet of Things IoT devices are creating smart societies that are interconnected Space exploration and satellite drone and UAV technology have travelled a long way in recent years and some may debate that we are in the midst of a revolution in terms of development and the increasing number of these devices being launched But with this revolutionary progress it presents itself with new challenges in terms of governance The ethical implications of connecting the physical and digital worlds and presenting the reality of a truly interconnected society presents the realization of the concept of smart societies in reality Drawing on 14 years of successful events on Information security digital forensics and cybercrime the 15th ICGS3 23 conference aims to provide attendees with an information packed agenda with representatives from across the industry and the globe The challenges of complexity rapid pace of change and risk opportunity issues associated with modern products systems special events and infrastructures In an era of unprecedented volatile political and economic environment across the world computer based systems face ever more increasing challenges disputes and responsibilities and while the Internet has created a global platform for the exchange of ideas goods and services however it has also created boundless opportunities for cyber crime This book presents new materials and contributes to knowledge through the technological advances that are being made across artificial intelligence AI machine learning blockchain and quantum computing These technologies driven by a digital revolution are expected to be disruptive and provide major digital transformation in the way societies operate today As a result these advances provide social and economic benefits but also provide new challenges that security industry need to raise their game to combat them *Laughing North Koreans* Immanuel Kim,2020-06-22 This study analyzes North Korean comedy films from the late 1960s to present day It examines the most iconic comedy films and comedians to show how North Koreans have enjoyed themselves and have established a culture of humor that challenges subverts and at times reinforces the dominant political ideology The author argues that comedy films popular comedians and the viewers have an intricate interdependent relationship that shaped the film culture the pre post production of filmmaking film watching experience and the legacies of actors in North Korea *The Emerald Handbook of Crime, Justice and Sustainable Development* Jarrett Blaustein,Kate Fitz-Gibbon,Nathan W. Ramp Hollow Steven Stoll, 2017-11-21 How the United States underdeveloped Appalachia Appalachia among the most storied and yet least understood regions in America has long been associated with poverty and backwardness But how did this image arise and what exactly does it mean In Ramp Hollow Steven Stoll launches an original investigation into the history of Appalachia and its place in U S history with a special emphasis on how generations of its inhabitants lived worked survived and depended on natural resources held in common Ramp Hollow traces the rise of the Appalachian homestead and how its self sufficiency resisted dependence on money and the industrial society arising elsewhere in the United States until beginning in the nineteenth century extractive industries kicked off a scramble for Appalachia that left struggling homesteaders dispossessed of their land As the men disappeared into coal mines and timber camps and their families moved into shantytowns or deeper into the mountains the commons of Appalachia were in effect enclosed and the fate of the region was sealed Ramp Hollow takes a provocative look at Appalachia and the workings of dispossession around the world by upending our notions about progress and development Stoll ranges widely from literature to history to economics in order to expose a devastating process whose repercussions we still feel today

Colonial Mississippi Christian Pinnen, Charles Weeks, 2021-03-02 Colonial Mississippi A Borrowed Land offers the first composite of histories from the entire colonial period in the land now called Mississippi Christian Pinnen and Charles Weeks reveal stories spanning over three hundred years and featuring a diverse array of individuals and peoples from America Europe and Africa The authors focus on the encounters among these peoples good and bad and the lasting impacts on the region The eighteenth century receives much deserved attention from Pinnen and Weeks as they focus on the trials and tribulations of Mississippi as a colony especially along the Gulf Coast and in the Natchez country The authors tell the story of a land

borrowed from its original inhabitants and never returned They make clear how a remarkable diversity characterized the state throughout its early history Early encounters and initial contacts involved primarily Native Americans and Spaniards in the first half of the sixteenth century following the expeditions of Columbus and others to the large region of the Gulf of Mexico More sustained interaction began with the arrival of the French to the region and the establishment of a French post on Biloxi Bay at the end of the seventeenth century Such exchanges continued through the eighteenth century with the British and then again the Spanish until the creation of the territory of Mississippi in 1798 and then two states Mississippi in 1817 and Alabama in 1819 Though readers may know the bare bones of this history the dates and names this is the first book to reveal the complexity of the story in full to dig deep into a varied and complicated tale **Reconstructing the**

Landscapes of Slavery Dale W. Tomich,Rafael de Bivar Marquese,Carlos Venegas Fornias,Reinaldo Funes

Monzote,2021-03-19 Assessing a unique collection of more than eighty images this innovative study of visual culture reveals the productive organization of plantation landscapes in the nineteenth century Atlantic world These landscapes from cotton fields in the Lower Mississippi Valley to sugar plantations in western Cuba and coffee plantations in Brazil s Para ba Valley demonstrate how the restructuring of the capitalist world economy led to the formation of new zones of commodity production By extension these environments radically transformed slave labor and the role such labor played in the expansion of the global economy Artists and mapmakers documented in surprising detail how the physical organization of the landscape itself made possible the increased exploitation of enslaved labor Reading these images today one sees how technologies combined with evolving conceptions of plantation management that reduced enslaved workers to black bodies Planter control of enslaved people s lives and labor maximized the production of each crop in a calculated system of production Nature too was affected the massive increase in the scale of production and new systems of cultivation increased the land s output Responding to world economic conditions the replication of slave based commodity production became integral to the creation of mass markets for cotton sugar and coffee which remain at the center of contemporary life
