*From #RhodesMustFall Movements to #HumansMustFall Movements* Artwell Nhemachena, Jairo Kangira, 2021-05-14  
Might it be possible that the world is being migrated into an era where the imperial periphery will be increasingly governed through Artificial Intelligence AI and robotics designed to replace human beings Celebrated as efficient strong unfailing tireless precise and beyond corruption AI and robots are set to replace African leaders who are imperially deemed to be and consistently condemned as corrupt failed weak and inefficient But if these AI and robots are neo imperial tools and machinations the million dollar question is whether empire is not returning to recolonise the supposedly inefficient Africans via the new technologies and machinism Where Africans once celebrated their liberation war movements empire has emplaced what it calls liberation technologies designed to supposedly liberate African youths from their own states and governments led by liberation movements Where Africans once celebrated their liberation war movements empire has placed its own NGOs CSOs spewing liberal ideologies designed to ostensibly liberate African youths from their own supposedly failed and corrupt states and government leaders With African youths citizens allying not with their liberation movements but with the liberation technologies and liberal NGOs CSOs it is not surprising why African citizens oppose their states led Fast Track Land Redistribution Programmes while ironically they happily celebrate Fast Tracked COVID 19 Vaccines Posing the notion of HumansMustFall movements this book underscores ways in which empire is in a process of eternal return to 21st century Africa The book is crucial for scholars and activists in political science government studies sociology anthropology cultural studies history languages and communication studies security studies military studies and development studies

### **Integrating Predation Risk Across Scales: From Neurons to Ecosystems and Milliseconds to Generations**

Jacqueline Jeannette Blundell, Evan Preisser, 2020-06-04 *Recalibrating teacher training in African higher education institutions* Sifiso Sibanda, Gideon (Deon) P. van Tonder, Washington T. Dudu, 2023-03-01 This book critically examines the role of governments in promoting parity during and in post pandemic education This comes from the realisation that the pandemic has deepened the crisis by depleting the meagre resources that African countries might have devoted to normative educational practices where those on the margins would have been pushed further behind while the privileged would have been further initiated into the cultural and capital flows of private schools and historically research intensive institutions of higher learning This has far reaching implications for the education of underprivileged citizens and education particularly modes and modalities of delivery has to be reimagined to subvert the challenges wrought by the pandemic This book significantly bridges the gap between the pre and post COVID 19 pandemic pedagogical practices and the erstwhile modalities that have been resilient over time The book focuses on ways to stave off pedagogical challenges that face countries as the global pandemic makes its mark *Research Anthology on Vocational Education and Preparing Future Workers* Management Association, Information Resources, 2022-04-08 Many students across the globe seek further education

for future employment opportunities Vocational schools offer direct training to develop the skills needed for employment New emphasis has been placed on reskilling the workforce as technology has infiltrated all aspects of business Teachers must be prepared to teach these new skill requirements to allow students to directly enter the workforce with the necessary competences intact As the labor market and industry are changing it is essential to stay current with the best teaching practices within vocational education courses to provide the future workforce with the proper tools and knowledge The Research Anthology on Vocational Education and Preparing Future Workers discusses the development opportunities and challenges of vocational education courses and how to best prepare students for future employment It presents the best practices in curriculum development for vocational education courses and analyzes student outcomes Covering topics such as industry academia collaboration student satisfaction and competency based education this major reference work is an essential resource for academic administration pre service teachers educators of vocational education libraries employers government officials researchers and academicians
