The Jesuits and Globalization Thomas Banchoff, José Casanova, 2016-05-25 The Society of Jesus commonly known as the Jesuits is the most successful and enduring global missionary enterprise in history Founded by Ignatius Loyola in 1540 the Jesuit order has preached the Gospel managed a vast educational network and shaped the Catholic Church society and politics in all corners of the earth Rather than offering a global history of the Jesuits or a linear narrative of globalization Thomas Banchoff and Jos Casanova have assembled a multidisciplinary group of leading experts to explore what we can learn from the historical and contemporary experience of the Society of Jesus what do the Jesuits tell us about globalization and what can globalization tell us about the Jesuits Contributors include comparative theologian Francis X Clooney SJ historian John W O Malley SJ Brazilian theologian Maria Clara Lucchetti Bingemer and ethicist David Hollenbach SJ They focus on three critical themes global mission education and justice to examine the historical legacies and contemporary challenges Their insights contribute to a more critical and

reflexive understanding of both the Jesuits history and of our contemporary human global condition *Western Jesuit Scholars in India* Francis X. Clooney, S.J., 2020-04-14 This book collects fifteen essays and book sections about the Jesuits in India written over a period of more than thirty years Many of these pieces unavailable for years now appear together for the first time The essays open a window on the 450 year Jesuit history in India from Roberto de Nobili in the seventeenth century to the leading Jesuit scholars of the twentieth and twenty first centuries The volume looks back into this long missionary history but Clooney s eye is also on the question of relevance today How ought interreligious learning take place in the twenty first century *Western Jesuit Scholars in India* is a fascinating collection of studies of 17th 21st century Jesuit writings in and about classical India By his methods and questions Francis Clooney Indologist and Jesuit theologian exposes certain aporias and deficiencies latent in Indology It concludes with a notable proposal of an interfaith sensibility G rard Colas Directeur de recherche m rit Centre National de la Recherche scientifique Paris Francis X Clooney s *Western Jesuit Scholars in India* is that of a humanist He is not only a studious and assiduous reader of texts in languages and intellectual idioms that few scholars are capable of untangling but is also committed to finding deep human and spiritual connections detecting the intellectual empathies and affinities that the Jesuit missionaries had labored to bring out in their writings over half a millennium With a clear and engaging pen impressive erudition and intellectual humility before the truly difficult task Clooney studies what is undoubtedly one of the most fascinating chapters in Jesuit intellectual history the encounter with Indian philosophical and textual traditions Seekers of knowledge and cultural understanding of all stripes will find in this book plenty of wisdom some surprises and a large historical canvas stretching from Italy to India and back and beyond Ines G upanov Senior Fellow Centre d tudes de l Inde et de l Asie du Sud CNRS Paris **Virgil's Double Cross** David Quint, 2018-05-22 The message of Virgil s *Aeneid* once seemed straightforward enough the epic poem returned to Aeneas and the mythical beginnings of Rome in order to celebrate the city s present world power and to praise its new master Augustus Caesar Things changed when late twentieth century readers saw the ancient poem expressing their own misgivings about empire and one man rule In this timely book David Quint depicts a Virgil who consciously builds contradiction into the *Aeneid* The literary trope of chiasmus reversing and collapsing distinctions returns as an organizing signature in Virgil s writing a double cross for the reader inside the *Aeneid* s story of nation empire and Caesarism Uncovering verbal designs and allusions layers of artfulness and connections to Roman history Quint s accessible readings of the poem s famous episodes the fall of Troy the story of Dido the trip to the Underworld and the troubling killing of Turnus disclose unsustainable distinctions between foreign war civil war Greek Roman enemy lover nature culture and victor victim The poem s form Quint shows imparts meanings it will not say directly The *Aeneid* s life and death issues about how power represents itself in grand narratives about the experience of the defeated and displaced and about the ironies and revenges of history resonate deeply in the twenty first century This new account of Virgil s masterpiece reveals how the *Aeneid* conveys an ambivalence and

complexity that speak to past and present **The Human-Animal Boundary** Nandita Batra, Mario Wenning, 2018-11-27 Throughout the centuries philosophers and poets alike have defended an essential difference rather than a porous transition between the human and animal Attempts to assign essential properties to humans e g language reason or morality often reflected ulterior aims to defend a privileged position for humans This book shifts the traditional anthropocentric focus of philosophy and literature by combining the questions What is human and What is animal What makes this collection unique is that it fills a lacuna in critical animal studies and the growing field of ecocriticism It is the first collection that establishes a productive encounter between philosophical perspectives on the human animal boundary and those that draw on fictional literature The objective is to establish a dialogue between those disciplines with the goal of expanding the imaginative scope of human animal relationships The contributions thus do not only trace and deconstruct the boundaries dividing humans and nonhuman animals they also present the reader with alternative perspectives on the porous continuum and surprising reversal of what appears as human and what as nonhuman **Totally Christian** Denis Hayes, 2024-05-24 Totally Christian is essential reading for anyone interested in the life work teaching and extraordinary impact of Jesus Christ in the world The content is biblically grounded and written in plain language Assumptions are examined areas of uncertainty acknowledged and different viewpoints about contentious issues presented openly The aim of the book is to demonstrate the uniqueness and wonder of Jesus s earthly mission and the significance of his ministry for each of our lives and eternal destinies Through delving into the fascinating elements of his humanity and being confronted by his powerful radical teaching Totally Christian will enlarge your understanding of what Jesus accomplished on earth At the end of each chapter there are a variety of searching questions and statements to ponder and stimulate discussion and prayer together with Insight boxes at intervals throughout the book containing information and useful background details Totally Christian will help every seeker after truth to find something of value to deepen faith strengthen trust in God stimulate a diligent search of the Bible pray more fervently and inspire a stronger desire to know and serve the One who invites us to understand more fully God s intentions for our lives and the purpose for our existence *Raising Our Children's Children* Deborah Doucette, 2014-07-05 Based on Deborah Doucette s personal experience raising a grandchild this book examines the myriad factors involved in kinship care specifically when grandparents begin to raise their grandchildren Filled with true stories from people who have raised their children s children and including advice from Dr Jeffrey R LaCure throughout this family focused book looks at this fairly common relationship from all sides Now in its second edition Raising Our Children s Children has been updated to include recent social developments such as the trend toward multigenerational family living where children their parents and their grandparents all live under one roof **Hands-On APIs for AI and Data Science** Ryan Day, 2025-03-04 Are you ready to grow your skills in AI and data science A great place to start is learning to build and use APIs in real world data and AI projects API skills have become essential for AI and data science success because they are used in a variety of ways in these

and the Chronology of Post-Roman Britain Flint F. Johnson,2014-02-18 In this book the author makes use of the methodology he developed in *Origins of Arthurian Romances* McFarland 2012 in order to reevaluate the post Roman history of Britain He begins by delving into the historical contexts of the key traditional players of the fifth century Hengest and Gwrtheyrn A better understanding of these two characters allows for a reexamination of the persons and events of the fifth sixth and seventh centuries The text that follows entirely realigns how those centuries can be seen from a chronological as well as a military and political standpoint The fifth century was not a time of British and Germanic fragmentation as they separated from Rome but one of slow integration and the formation of kingships that were a result of the economic realities of surviving without the dying giant Dictionnaire général français-anglais Spiers,1854 **General French and English Dictionary** Alexander Spiers,1849 *Dictionnaire général anglais-français et français-anglais, nouvellement rédigé d'après Johnson, Webster, Richardson, etc., les dictionnaires français de l'Académie, de Laveaux, de Boiste, etc* A. Cambridge Platonists If reunited Paradise was regained but this personal trajectory was tempered by a deep sympathy for the woes of mortal life Davidson explores the consequent dialogue through some of Wordsworth's best known poems at the heart of which is the Ode In the last section he demonstrates how Wordsworth's publishing history led the Victorians and modernists to misinterpret his work if one considers Eliot's Four Quartets as odes facing several of the same problems as did Wordsworth there is some irony in Eliot's dismissal of the Immortality Ode as verbiage *Humanistica Lovaniensia* Gilbert Tournoy, Dirk Sacré, Monique Mund-Dopchie, Jan Papy, 2009-06-15 As well as presenting articles on Neo Latin topics the annual journal *Humanistica Lovaniensia* is a major source for critical editions of Neo Latin texts with translations and commentaries Please visit www.lup.be for the full table of contents
