decides to use the men's restroom instead. After all, she just needs to pee and she can do that just as easily standing up. Who's going to argue if a pretty girl chooses to use one of the available urinals? But when she steps up next to the lineup of men standing against the wall, she suddenly develops a shy bladder, becoming self-conscious of the many eyes turned in her direction. After a few moments of frustration, she decides to go into one of the unoccupied stalls to finish her business. A short time later, another patron enters the cubicle next to hers and begins groaning from a different form of bodily distraction. Noticing a strange latch on the side partition, she swings up the cover and sees the man next to her stimulating himself in an obvious state of heightened arousal. Excited by his brazen display of self-pleasure, she becomes equally turned on and joins him in a shared display of autoeroticism. But when the man decides he'd prefer a more direct form of interaction with the pretty ladyboy, the two restroom patrons take maximum advantage of the hidden portal between their adjacent stalls.
