available for purchase CFA Program Curriculum 2019 Level II Volumes 1-6 provides the complete Level II curriculum for the 2019 exam with practical instruction on the Candidate Body of Knowledge (CBOK) and how it is applied including expert guidance on incorporating concepts into practice. Level II focuses on complex analysis with an emphasis on asset valuation and is designed to help you use investment concepts appropriately in situations analysts commonly face. Coverage includes ethical and professional standards, quantitative analysis, economics, financial reporting and analysis, corporate finance, equities, fixed income, derivatives, alternative investments, and portfolio management, organized into individual study sessions with clearly defined Learning Outcome Statements. Charts, graphs, figures, diagrams, and financial statements illustrate complex concepts to facilitate retention, and practice questions with answers allow you to gauge your understanding while reinforcing important concepts. While Level I introduced you to basic foundational investment skills, Level II requires more complex techniques and a strong grasp of valuation methods. This set dives deep into practical application, explaining complex topics to help you understand and retain critical concepts and processes. Incorporate analysis skills into case evaluations. Master complex calculations and quantitative techniques. Understand the international standards used for valuation and analysis. Gauge your skills and understanding against each Learning Outcome Statement. CFA Institute promotes the highest standards of ethics, education, and professional excellence among investment professionals. The CFA Program curriculum guides you through the breadth of knowledge required to uphold these standards. The three levels of the program build on each other. Level I provides foundational knowledge and teaches the use of investment tools. Level II focuses on application of concepts and analysis, particularly in the valuation of assets, and Level III builds toward synthesis across topics with an emphasis on portfolio management.

**Serials and Series** Buck Rainey, 2015-06-08 While many fans remember The Lone Ranger, Ace Drummond, and others, fewer focus on the facts that serials had their roots in silent film and that many foreign studios also produced serials, though few made it to the United States. The 471 serials and 100 series continuing productions without the cliffhanger endings from the United States and 136 serials and 37 series from other countries are included in this comprehensive reference work. Each entry includes title, country of origin, year, studio, number of episodes, running time, or number of reels, episode titles, cast, production credits, and a plot synopsis.

[The American Savings and Loan Industry, 1831-1935 Vol 1](#) David L. Mason, 2024-08-07 The American savings and loan industry began in the 1830s to help people of modest financial means buy a home. Despite the long history of the industry, there has been limited scholarly work done on its early years. This collection allows an insight into the place of the savings and loans industry within the wider context of American society.
