Organizational Management Victor C.X. Wang, Bernice Bain, John Hope, Catherine A. Hansman, 2016-10-01 This book is intended for students leaders and managers who wish to explore the personal relevance and conceptual bases of educational leadership and organizational management and to develop their expertise in this field It is a book written for both scholars and practitioners The general public will also appreciate the accessible language in the book There are two goals in the experiential learning process One is to learn the specifics of a particular subject matter in this case educational leadership and organizational management The other is to learn about one s own strengths and weaknesses as a learner This book is focused on the analysis of prevalent theories and concepts and their application to the development of leadership and management skills and the knowledge and attitudes required to solve real world problems in the workplace For decades students have focused their studies of educational leadership and organizational management theories in classroom settings

without actual opportunities to apply these theories in the workplace A profound and significant lesson learned in history is that we must follow the principle of integrating theory with practice unity of theory with practice Then we can follow the policy of walking on two legs an analogy made by the late Chinese chairman Mao Ze Dong

The Digital Medieval Manuscript Suzette van Haaren, 2025-08-28 We increasingly encounter medieval books as digital facsimiles zooming in on high resolution images clicking through virtual pages or engaging with interactive displays But what actually happens when a parchment manuscript is translated into a digital object How does this change affect our understanding of cultural heritage This book explores the digital medieval manuscript as a unique cultural artifact not just a copy of its physical counterpart Through three case studies it reveals how digital manuscripts function in libraries museums and scholarship today Blending manuscript studies with digital humanities it offers a fresh materialist approach to the discourse surrounding the digitisation of cultural heritage and provides a nuanced view of how it shapes the way we perceive handle and preserve medieval manuscripts in an increasingly digital world
