Napier is a psychologist who interned with Whitaker in the 1970s and continues to lead the family therapy movement today. *The Family Crucible* was originally published in 1998 and serves to explain **The Challenges of Family Therapy** through the lens of the Brice family. By discovering **The Interconnectedness of the Family**, the Brices experienced **Growth Through Initiative, Insight, and Self-Awareness**, and therapy was successful for them. *The Family Crucible* has sold over 125,000 copies. It is a formative work in the field of family therapy and continues to be widely referenced today.

This guide utilizes the 2017 First Harper Perennial edition of the book.

Summary

The Family Crucible is a work by Augustus Y. Napier, who interned with Carl A. Whitaker in the 1970s in his family therapy practice. The book covers the therapeutic process of the Brice family, made up of Carolyn and David and their three children, Claudia, Don, and Laura. In the first session, Don was absent, elected unconsciously to test the therapists' level of commitment to the family. Claudia was named the problem because she was exhibiting signs of depression and severe anger and hostility toward her mother. With a deeply embedded family structure, the Brice family would need to put in a great deal of effort to change. During the second session, the whole family was present, but only Don seemed willing to honestly discuss the family's issues. Carolyn deflected to her daughter, while David struggled between siding with his wife and defending Claudia. Claudia complained that her mother was nosy and jealous of her, which turned out to be true, as David was using Claudia as a substitute for the lack of closeness in his marriage.

Family therapy is based on the concept of the family system, which implies that families create a unique structure and pattern that is unconsciously chosen and difficult to break. Interpersonal and intrapersonal stress are major factors in how families treat one another, as is the family of origin that each parent came from. After therapy began, the family experienced a brief honeymoon period and almost thought their problems were solved. In the session, it was revealed that Claudia was overwhelmed by how her parents were triangulating
