members must surface to get aid. Instead of rescuers they find Waffen SS soldiers who take them prisoner. Such an occurrence long speculated by physicists has never happened before or so it was believed. Time travel was just fanciful theory unlikely to leave the realm of flashy science fiction novels or so they thought. The baffled crew members trying to make sense of it all miraculously escape to England worrying all along about incidental contact and the effect it would have. Churchill however is not who they think he is and they are not where they think they are or when they must save themselves with the assistance of Churchill and his crippled friend and neighbor Franklin Roosevelt who have their own agenda and axe to grind here on their Earth. Here there is no landmass above the Yucatan and here the British are cowards and the French brave. They must go to the one place on this Earth that is truly hell to be saved. In that place they will redeem their integrity by throwing off the shackles they attached to themselves in the dishonorable world they come from. Their destination: Auschwitz. A Critical and
