Coffey,2020-04-25 So you have to understand I am a DAD The thought of being a parent felt like a lot of pressure and I wanted to get it right something I think I will be perfecting for life 80 After getting more involvement with the girls in school I realized the best way I could help them and was with their reading and spelling I know how important it is to learn to read and spell so that is my main goal with this sight word coloring book As a parent I just want something straight forward this is just to help reinforce what the teachers are already doing just in a fun way In school they teach that the sight words are words that should be recognized when looking at them There are about 10 words per puzzle along with a fun picture and a positive message to help with self image

The answer key in the back so the student can self check and work independently I found that this sight word word search book really helped my 4th grader with their reading I also noticed it helped me know what words they knew and what we needed to work on more It removed a lot of the frustration and helped with little milestones of accomplishments along the way helping to build confidence It is so cool watching my little pieces of sugar learn and accomplish new skills and gain confidence in something that is so fundamental to reading and reading comprehension Reading and learning to read should be fun and I find that building confidence with different tools no matter how big or small bears large returns with compound learning interest if you will lol For more of our books check out our website www.findinghappywords.com
