The Making of New Zealand Cricket, 1832-1914 Greg Ryan, 2004

It is generally forgotten that cricket rather than rugby union was the national game in New Zealand until the early years of the twentieth century This book shows why and how cricket developed in New Zealand and how its character changed across time Greg Ryan examines the emergence and growth of cricket in relation to diverse patterns of European settlement in New Zealand such as the systematic colonization schemes of Edward Gibbon Wakefield and the gold discoveries of the 1860s He then considers issues such as cricket and social class in the emerging cities cricket and the elite school system the function of the game in shaping relations between the New Zealand provinces cricket encounters with the Australian colonies in the context of an Australasian world A central theme is cricketing relations with England at a time when New Zealand society was becoming acutely conscious of both its own identity and its place within the British Empire This imperial relationship reveals structures ideals and objectives unique to New Zealand Articulate engaging and entertaining Ryan demonstrates convincingly how the cricketing experience of New Zealand was quite different from that of other colonies

Sport and the New Zealanders Greg Ryan, Geoff Watson, 2018-08-09 A history of New Zealanders and the sports that we have made our own from the Maori world to today's professional athletes in the pubs during the furious session between 5pm and closing time an hour later the friend of a relative of a horse trainer is a veritable patriarch No matador in Madrid no tenor in Turin could be sure of such flattering attention As Brittenden suggested sport has played a central part in the social and

cultural history of Aotearoa New Zealand throughout its history This book tells the story of sport in New Zealand for the first time from the Maori world to today's professional athletes Through rugby and netball bodybuilding and surf lifesaving the book introduces readers to the history of the codes the organisations and the players It takes us into the stands and on to the sidelines to examine the meaning of sport to its participants its followers and to the communities to which they belonged Why did rugby become much more important than soccer in New Zealand What role have Maori played in our sporting life Do we really punch above our weight in international sport Does sport still define our national identity Viewing New Zealand sport as activity and as imagination Sport and the New Zealanders is a major history of a central strand of New Zealand life **An**
