Metaphor and Artificial Intelligence John A. Barnden, Mark G. Lee, 2001-03-01 This special issue arose out of a symposium on metaphor and artificial intelligence in which the main orientation was computational models and psychological processing models of metaphorical understanding The papers in this issue discuss implemented computational systems for handling different aspects of metaphor understanding how metaphor can be accommodated in accepted logical representational frameworks psychological processes involved in metaphor understanding and the cross linguistic cognitive reality of conceptual metaphors

Metaphor, Morality, and the Spirit in Romans 8:1-17 William E. W. Robinson, 2016-11-04 Engage compelling arguments that challenge prominent positions in Pauline studies In this innovative book William E W Robinson takes the reader on a journey through Romans 8 1 17 using Conceptual Metaphor Theory and Conceptual Integration Theory Robinson delineates the underlying cognitive metaphors their structure their function what they mean and how Paul s audiences then and now are able to comprehend their meaning He examines each metaphor in the light of relevant aspects of the Greco Roman world and Paul s Jewish background Robinson contends that Paul portrays the Spirit as the principal agent in the religious ethical life of believers At the same time his analysis demonstrates that the conceptual metaphors in Romans 8 1 17 convey the integral role of believers in ethical conduct In the process he addresses thorny theological issues such as whether Spirit and flesh signal an internal battle within believers or two conflicting ways of life Finally Robinson shows how this study is relevant to related Pauline passages and challenges scholars to incorporate these methods into their own investigation of biblical texts Features Sustained argument that sheds new light on how Paul communicates with his audiences Substantial contribution to current debates about central theological concepts Conceptual Metaphor Theory and Conceptual Integration Theory applied to the metaphors in Romans 8 1 17

Metaphor and Belief in The Faerie Queene Rufus Wood, 1997-08-29 Rufus Wood contextualizes his study of The Faerie Queene through an initial discussion of attitudes towards metaphor expressed in Elizabethan poetry He reveals how Elizabethan writers voice a commitment to metaphor as a means of discovering and exploring their world and shows how the concept of a metaphoric principle of structure underlying Elizabethan poetics generates an exciting interpretation of The Faerie Queene The debate which emerges concerning the use and abuse of metaphor in allegorical poetry provides a valuable contribution to the field of Spenser studies in particular and Renaissance literature in general

Biblical Metaphor Reconsidered Job Y. Jindo, 2018-07-17 How do we understand the characteristically extensive presence of imagery in biblical prophecy Poetic metaphor in prophetic writings has commonly been understood solely as an artistic flourish intended to create certain rhetorical effects It thus appears expendable and unrelated to the core content of the composition however engaging it may be aesthetically or otherwise Job Jindo invites us to reconsider this convention Applying recent studies in cognitive science he

explores how we can view metaphor as the very essence of poetic prophecy namely metaphor as an indispensable mode to communicate prophetic insight Through a cognitive reading of Jeremiah 1 24 Jindo amply demonstrates the advantage and heuristic ramifications of this approach in biblical studies **Mind as Metaphor** Adam Toon,2023 Mind as Metaphor shows that mental fictionalism can make sense of our concept of mind avoiding the difficulties faced by alternative approaches such as behaviourism or instrumentalism Adam Toon sheds light on a range of issues from the mind s capacity to represent the world to the way in which new practices expand the limits of inquiry *Law as Metaphor* June Starr,1992-01-01 This book explains the growth of secular law in a Middle East nation revealing it to be the product of elite competition over control of the state a competition the secular elites won in Turkey when Ataturk set up the new Republic The author demonstrates the great extent to which secularism dominates the discourse of Turkish conflict resolution by the mid 1960s Her work exemplifies the uses of empirical field research set within a historical context *Responsibility, Chastisement and Restoration* Ronald Laldinsuah,2015-05-14 Many Old Testament scholars have focused their studies of justice on the eighth century BC prophets Isaiah Amos and Micah giving little or no attention to Hosea Neglect of Hosea in relation to justice arises from the common notion that he was a prophet of love and although some studies concede that parts of the book deal with justice it is often overlooked or given secondary importance to other concerns and themes In this publication Ronald Laldinsuah addresses this misconception by demonstrating that Hosea was indeed a prophet of justice Through careful analysis of the text as well as observing both the biblical concept and the secular notions of justice it is observed that justice must perpetuate right and true relationships In relational justice we see the inseparable relationship among humans and between humans and God emphasising Hosea s message of responsibility chastisement and restoration *Illness as Metaphor and AIDS and Its Metaphors* Susan Sontag,2013-10-01 Susan Sontag s celebrated essays on cancer and AIDS now available in one volume In 1978 Sontag wrote *Illness as Metaphor* a classic work described by Newsweek as one of the most liberating books of its time A cancer patient herself when she was writing the book Sontag shows how the metaphors and myths surrounding certain illnesses especially cancer add greatly to the suffering of patients and often inhibit them from seeking proper treatment By demystifying the fantasies surrounding cancer Sontag shows cancer for what it is just a disease Cancer she argues is not a curse not a punishment certainly not an embarrassment and it is highly curable if good treatment is followed Almost a decade later with the outbreak of a new stigmatized disease replete with mystifications and punitive metaphors Sontag wrote a sequel to *Illness as Metaphor* extending the argument of the earlier book to the AIDS pandemic These two essays now published together *Illness as Metaphor and AIDS and Its Metaphors* have been translated into many languages and continue to have an enormous influence on the thinking of medical professionals and above all on the lives of many thousands of patients and caregivers **The Southwestern Reporter** ,1887 **A Selection of Leading Cases on Various Branches of the Law** John Innes Clark Hare,1885 *A Selection of Leading Cases on Various Branches of the*

Language and Crime Ulrike Tabbert, 2016-11-15 This book offers a systematic introduction to the linguistic analysis of newspaper reports on crime The author demonstrates how the linguistic analysis of newspaper texts helps to gain insight into the construction of offenders and victims in those texts and links the findings to criminological frameworks Tabbert employs Critical Stylistics to explore the description of participants the presentation of speech as well as actions states or events and other linguistic devices employed by journalists to present a particular image of an offender or a victim in the press This book shows the fruitfulness of an interdisciplinary approach to reveal predominant discourse on crime in society and will be of great interest to researchers in linguistics criminology and media studies

Metaphor in Psychotherapy Dennis Tay, 2013-07-25 This book represents a bold attempt to address contemporary issues in both metaphor and psychotherapy research On one hand metaphor research is increasingly concerned not just with describing metaphors in discourse but how they could be used more adroitly in purposive real world contexts such as psychotherapy On the other hand while a growing number of mental health professionals believe that metaphors contribute in some way to the psychotherapy process their ability and willingness to use metaphors might be compromised by a relative unfamiliarity with the various nuanced aspects of metaphor theory The present analysis of metaphors in authentic psychotherapeutic talk brings these theoretical aspects to the forefront and suggests how they can be applied to enhance the use of communication of metaphors in psychotherapy It should be of interest to metaphor researchers mental health professionals and discourse analysts in general

A Transverse Dreamer Bob Becking, 2023-07-24 The final text of the Book of Micah provokes a series of questions Can the Book be read as a coherent composition or is it the result of a complex redaction history Was Micah a prophet of doom whose literary heritage was later softened by the inclusion of oracles of salvation The essays in this book center around these questions Some of them are of a more general character while others analyze specific passages Some articles discuss the Book of Micah by looking at specific themes prophecy religious polemics metaphors The others are concerned with the proclamation of a peaceful future Micah 4 1 5 the famous moral incentive in Micah 6 8 and the question of prophetic and divine gender in Micah 7 8 13 They have two features in common A thorough reading of the Hebrew text informed by grammar and syntax A comparative approach the Book of Micah is seen as part of the ancient Near Eastern culture All in all the author defends the view that the Book of Micah contains three independent literary elements Micah 1 a prophecy of doom Micah 2 5 a two sided futurology and 6 8 a later appropriation of Micah s message

Researching and Applying Metaphor Graham Low, Lynne Cameron, 1999-02-11 This book demonstrates how metaphor needs to be researched using multiple methods of investigation

Metaphor Networks R. Trim, 2007-09-19 Metaphor Networks focuses on the historical evolution of metaphor and proposes new theories on language change based on substantial empirical data It explores how the metaphors of today are very often linked to images existing in the past and traces metaphor paths back to

the Middle Ages and Antiquity The findings reveal that regular patterns of evolution emerge and the aims of the book are to find out what lies behind these patterns
