Better Readings, 1927 Menno Simons Abraham Friesen, 2015-05-16 In 1962 the Reformation scholar Hans Hillerbrand said the following of Menno Simons For the past four hundred years he has been a man with a bad press criticized not only by all of his foes outside his tradition but also by many of his friends within Outsiders accused him of at the very least sympathizing if not actively supporting the revolutionaries involved in the notorious Münster uprising of 1534-1535 the jihadists of the sixteenth century Many insiders at first fearful that this might indeed be the case sought early to distance themselves from him calling themselves Doopsgezinde rather than Mennists Later other insiders having moved beyond Menno theologically under the influence of the Enlightenment and Rationalism criticized him for being overly dogmatic and narrow minded Only a few pietists like Jung Stilling and pietistically influenced Dutch Mennonites like Johannes Deknatel together with the occasional Baptist scholar like J Newton Brown spoke highly of him Indeed the latter said of Menno But there stood one among them the great reformers whom they knew not who was greater than they more truly eminent in the likeness of their common Lord In a first section this study begins with a chapter on the problem of reform in the sixteenth century A second section on the 1534-1535 Münster uprising that has so bedeviled Menno historiography follows Both sections seek to recreate at least to a degree the larger context of Menno's life and activity and free him from the prejudices of the past It does so by making the case not made heretofore that Menno was powerfully influenced not by the revolutionaries but by the two intellectual giants of the age Martin Luther and Desiderius Erasmus But the study also takes seriously Menno's repeated assertion that he had experienced a life transforming conversion through the power of the Holy Spirit in early 1535 With this as background the study then investigates in a chronological sequence the key problem areas of Menno scholarship that have arisen over the years It concludes with a brief assessment of his legacy

Love Among the Ruins Warwick Deeping, 1904 The branches of the forest invoked the sky with the supplications of their thousand hands Black tumultuous terrible the wilds billowed under the moon stifled with the night silent as a windless sea Winter like a pale Semiramis of gigantic mould stood with her coronet

touching the steely sky A mighty company of stars stared frost bright from the heavens A pillar of fire shone red amid the chaos of the woods Like a great torch a blazing tower hurled spears of light into the gloom Shadows vast and fantastic struggled like Titans striving with Destiny in the silence of the night Their substanceless limbs leapt and writhed through the gnarled alleys of the forest Overhead the moon looked down with thin and silver lethargy on the havoc kindled by the hand of man

One of the thirty: a strange history, ed. [really written] by H. Jennings Hargrave Jennings, 1873 *The Complete Works of Menno Simons* Menno Simons, 1871 Sisterly Feelings Alan Ayckbourn, 1981

This ingenious comedy is about two sisters and the choices they make or have made for them over a few months. There are four versions that can be done on different evenings, each stemming from one random and one deliberate choice. The story starts with a funeral at which Dorcas, Abigail, and Simon solve a dilemma by tossing a coin: either Dorcas or Abigail wins the toss and goes with Simon. Later, at a picnic, Dorcas opts for either a camping adventure for Abigail or a day of sports for herself. The inevitable end of either choice is a wedding: 4 women, 8 men.

Bay City City Directories, 1893 **One of the Thirty** Hargrave Jennings, 1873. Story of one of the thirty pieces of silver paid to Judas for betraying Christ. **The Signal** Vsevolod Mikhaïlovich Garshin, 1912 *Adventure*, 1911 **Claude Simon** Mária Minich-Brewer, 1995. Simon's works run the gamut from first-person narratives to narratives without a stable perspective. His novels deal with minute details of the grand stages of history (World War I, for instance) and with the historical dimensions of everyday life. Maria Minich-Brewer demonstrates that Simon has reformulated the standard forms of fiction to expose the logic of narrative, a complex and powerful legacy populated with stereotypes too easily accepted as natural.
