Vanity Fair William Makepeace Thackeray, 2017-06-06 This classic story of two nineteenth century social climbers is the basis for countless films and TV series and one of the UK's Best Loved Novels Before the Real Housewives there were Becky Sharp and Amelia Sedley Ruthless and cunning Becky may have been born in a lower class but now that she's graduated from school she's ready to climb up to a better life and do whatever it takes to get there Her friend Emmy however is the opposite She may have mastered music dancing and embroidery like any young woman of her class but she utterly lacks a backbone Together these friends navigate the perils of Regency society as they search for love and happiness Social battles are waged against the backdrop of the Napoleonic Wars and when the smoke finally clears there's no telling who will come out victorious A satirical masterpiece *Vanity Fair* was 14 on The Guardian's list of the 100 Best Novels and 122 in the BBC's Big Read poll for the UK's best loved novel It has inspired numerous adaptations from early silent films to a 2004 movie by Mira Nair starring Reese Witherspoon as Becky

India Company His mother Anne Becher 1792 1864 was the second daughter of Harriet and John Harman Becher and was also a secretary writer for the East India Company William had been sent to England earlier at the age of five with a short stopover at St Helena where the imprisoned Napoleon was pointed out to him He was educated at schools in Southampton and Chiswick and then at Charterhouse School William Makepeace Thackeray 18 July 1811 24 December 1863 was an English novelist of the 19th century He is famous for his satirical works particularly *Vanity Fair* a panoramic portrait of English society During the Victorian era Thackeray was ranked second only to Charles Dickens but he is now much less widely read and is known almost exclusively for *Vanity Fair* which has become a fixture in university courses and has been repeatedly adapted for the cinema and television In Thackeray's own day some commentators such as Anthony Trollope ranked his *History of Henry Esmond* as his greatest work perhaps because it expressed Victorian values of duty and earnestness as did some of his other later novels It is perhaps for this reason that they have not survived as well as *Vanity Fair* which satirises those values Thackeray saw himself as writing in the realistic tradition and distinguished his work from the exaggerations and sentimentality of Dickens Some later commentators have accepted this self evaluation and seen him as a realist but others note his inclination to use eighteenth century narrative techniques such as digressions and direct addresses to the reader and argue that through them he frequently disrupts the illusion of reality The school of Henry James with its emphasis on maintaining that illusion marked a break with Thackeray's techniques In 1887 the Royal Society of Arts unveiled a blue plaque to commemorate Thackeray at the house at 2 Palace Green London that had been built for him in the 1860s
