the Nation addresses both of these issues To explain how this belief in an impending race war shaped eighteenth and nineteenth century American politics culture and commerce Lewis examines a wide range of texts including letters newspapers pamphlets travel accounts slave narratives government documents and abolitionist tracts She foregrounds her readings in the long record of exterminatory warfare in Europe and its colonies placing lopsided reprisals against African slave revolts or even rumors of revolts in a continuum with past brutal incursions against the Irish Scots Native Americans and other groups out of favor with the empire Lewis also shows how extermination became entwined with ideas about race and freedom from early in the process of enslavement making survival an important form of resistance for African peoples in America For African Americans enslaved and free the potential for one sided violence was always present and deeply traumatic This groundbreaking study reevaluates how extermination shaped black understanding of the Atlantic slave trade and the political social and economic worlds in which it thrived *Built by the People Themselves* Lindsey

Bestebreurtje,2024-11-07 The story of how racial segregation and suburbanization shaped lives the built environment and the law in Arlington In *Built by the People Themselves* Lindsey Bestebreurtje traces the history of the Black community in Arlington Virginia from the first days of emancipation through the civil rights era in the twentieth century A core insight of her account is how common people developed strategies to survive and thrive despite systems of oppression in the Jim Crow South Moving beyond the standard story of suburbanization that focuses on elite white community developers Bestebreurtje analyzes African American led community development and its effects on Arlington County *The Chicago Freedom Movement* Mary Lou Finley,Bernard LaFayette Jr.,James R. Ralph Jr.,Pam Smith,2016-04-22 Six months after the Selma to Montgomery marches and just weeks after the passage of the Voting Rights Act of 1965 a group from Martin Luther King Jr s staff arrived in Chicago eager to apply his nonviolent approach to social change in a northern city Once there King s Southern Christian Leadership Conference SCLC joined the locally based Coordinating Council of Community Organizations CCCO to form the Chicago Freedom Movement The open housing demonstrations they organized eventually resulted in a controversial agreement with Mayor Richard J Daley and other city leaders the fallout of which has historically led some to conclude that the movement was largely ineffective In this important volume an eminent team of scholars and activists offer an alternative assessment of the Chicago Freedom Movement s impact on race relations and social justice both in the city and across the nation Building upon recent works the contributors reexamine the movement and illuminate its lasting contributions in order to challenge conventional perceptions that have underestimated its impressive legacy

Pan-Africanism in Modern Times Olayiwola Abegunrin,Sabella Ogbobode Abidde,2016-06-15 For about one hundred years Pan Africanism as a social cultural economic political and philosophical idea thrived Towards the tail end of the twentieth century however it waned But in more recent times there has been noticeable resurgence And as we approach the second decade of the twenty first century there are indications of significant transformations vis vis the role and place of Pan

Africanism and Pan Africanists Consequently this book offers a new further and better understanding of Pan Africanism not just from the traditional African and African American points of view but also from a global perspective It does so by offering an analysis of its early years in terms of the personalities ideas and conferences that shaped it it also examines many of the factors that brought about its decline and its eventual rebirth Contributing to this seminal work are scholars of different but complementary styles and intellect who deviate from the more traditional or obvious approaches For instance one of the chapters explores Pan Africanism from the geographic perspective while another examines the role and place of women in the Pan African movement There are also voices that advance the conversation from the regional and continental viewpoint hence chapters that investigate the status of Pan Africanism in Latin America in the Caribbean and Islam and Pan Africanism in the modern world Ethnonationalism and xenophobia are also part of the treatise because increasingly these injurious phenomena are reemerging in Africa s landscape and consciousness In an increasingly interdependent and interrelated world this book also suggests that Pan Africanism will undergo a metamorphosis problems and challenges will be seen and tackled from the globalization and global common perspective Pan Africanism in Modern Times goes beyond the historicity of Pan Africanism and examines the challenges concerns and constraints it faces and also examines it from an inclusive perspective to have a broader understanding of this phenomenon and its future trajectory

American Color Andrew N. Wegmann,2022-01-15 For decades scholars have conceived of the coastal city of New Orleans as a remarkable outlier an exception to nearly every rule of accepted U S historiography A frontier town of the circum Caribbean the popular image of New Orleans has remained a vestige of North America s European colonial era rather than an Atlantic city on the southern coast of the United States Beginning with the French founding of New Orleans in 1718 and concluding with the outbreak of the American Civil War in 1861 **An American Color** seeks to correct this vision By tracing the impact of racial science law and personal reputation and identity through multiple colonial and territorial regimes it shows how locally born mul tres in French New Orleans became part of a self conscious identifiable community of Creoles of color in the United States **An American Color** places this local history in the wider context of the North American continent and the

Atlantic world This book shows that New Orleans and its free population of color did not develop in a cultural legal or intellectual vacuum More than just a study of race and law this work tells a story of humanity in the Atlantic world a story of how a people on the French colonial frontier in the mid eighteenth century became unlikely accepted parts of a vast political social and racial United States without ever leaving home *Introduction to Afro-American Studies* LaVonne Jackson, LaVonne Jackson Leslie, 2005 **Paul Robeson** Ernest Kaiser, 1998 Compiled by the editors of Freedomways Tributes to Robeson in prose and poetry by his contemporaries Selections from Robeson's own writings Foreword to this edition by Ernest Kaiser Updated bibliography *Black Resistance to the Ku Klux Klan in the Wake of the Civil War* Kwando Mbiassi Kinshasa, 2006 Focusing on the years of the Reconstruction this volume examines the actions of the Ku Klux Klan between the years of 1865 and 1899 It explores how the organization sponsored and promoted violence against former slaves and how that violence eventually led to the formation of armed defensive units which in some instances engaged in retaliatory action Provided by publisher **Taming the Elephant** John F.
