Hadden, 2021-10-28 In 1986 after the disastrous accident at the Union Carbide plant in Bhopal Congress passed the
Emergency Planning and Community Right To Know Act Under this act many business facilities became subject to new

Elizabeth Bernstein, Janet R Jakobsen, 2021-12-24 From the rise of far right regimes to the tumult of the COVID 19 pandemic
recent years have brought global upheaval as well as the sedimentation of longstanding social inequalities Analyzing the
complexities of the current political moment in different geographic regions this book addresses the paradoxical persistence
of neoliberal policies and practices in order to ground the pursuit of a more just world Engaging theories of decoloniality
racial capitalism queer materialism and social reproduction this book demonstrates the centrality of sexual politics to
neoliberalism including both social relations and statecraft Drawing on ethnographic case studies the authors show that
gender and sexuality may be the site for policies like those pertaining to sex trafficking which bundle together economics and
changes to the structure of the state In other instances sexual politics are crucial components of policies on issues ranging
from the growth of financial services to migration Tracing the role of sexual politics across different localities and through
different political domains this book delineates the paradoxical assemblage that makes up contemporary neoliberal
hegemony In addition to exploring contemporary social relations of neoliberal governance exploitation domination and
exclusion the authors also consider gender and sexuality as forces that have shaped myriad forms of community based
activism and resistance including local efforts to pursue new forms of social change By tracing neoliberal paradoxes across
global sites the book delineates the multiple dimensions of economic and cultural restructuring that have characterized
neoliberal regimes and emergent activist responses to them This innovative analysis of the relationship between gender
justice and political economy will appeal to interdisciplinary scholars in social and cultural studies legal and political
theorists and the wide range of readers who are concerned with contemporary questions of social justice *Monthly
