Tabe Slosson Word List:

Cognition, Metacognition, and Reading Donna-Lynn Forrest-Pressley, T. Gary Waller, 2013-03-12 We had our first conversation about cognition metacognition and reading in September of 1976 Our particular concern was with reading and learning to read and what if anything meta cognition might have to do with it all We didn't really know much about metacognition then of course but then most other people were in the same predicament Some people had been working with interesting approaches and results on metalanguage and reading among them J Downing L Ehri L Gleitman 1 Mattingly and E Ryan and it also was about that time that people were becoming aware of E Markman's first studies of comprehension monitoring Other than that perhaps the most influential item around was the perhaps already classic monograph by Kruetzer Leonard and Flavell on what children know about their own memory Also in the air at that time were things like A Brown's notions about knowing knowing about knowing and knowing how to know D Meichenbaum's ideas about cognitive behavior modification and the work by A Brown and S Smiley on the awareness of important units in text Even though these developments were cited as new and innovative it was not the case that psychologists had never before been of questions They certainly interested in or concerned with metacognitive sorts had as clearly evidenced by the notion of metaplans in Miller Galanter and Pribram's Plans and the Structure of Behavior Journal of Abnormal Child Psychology, 1987 Devoted to studies of behavioral pathology in childhood and adolescence Creating Literacy Instruction for All Students Thomas G. Gunning, 2005 With its inclusive view of literacy Creating Literacy Instruction for All Students emphasizes methods that have been validated by research and practice while delivering the basics of all major aspects of reading and writing The Fifth Edition of this best selling book continues to be a comprehensive practical text that provides its readers with step by step guidance for teaching reading and writing Written by distinguished author Tom Gunning this text features sample lessons for virtually every major literacy skill strategy and offers numerous reinforcement suggestions and generous listings of materials With its careful balance between the theory and the practice readers are always given the theories behind the methods encouraging them to choose adapt and construct their own approaches as they create a balanced program of literacy instruction Special emphasis has been given to adapting instruction for English language learners struggling readers and writers and special needs students throughout the book Unlike comparable texts the new edition stresses effective steps for closing the gap between achieving and struggling readers as mandated by the No Child Left Behind legislation and Reading First Closing the Literacy Gap Thomas G. Gunning, 2022-05-13 Packed with practical tools this book provides K-6 educators with a research based framework for accelerating the reading and writing growth of underperforming students Strategies and resources are included for building foundational skills comprehension and vocabulary engaging students with independent reading and periodicals developing writing and implementing tutoring and other extra supports The book gives special attention to helping those most affected by the literacy gap Black and Latinx students students living in poverty and
