## **The Inward Morning A Philosophical Exploration In Journal Form:**

**The Inward Morning** Henry G. Bugbee, 1999 When first published in 1958 *The Inward Morning* was ahead of its time Boldly original it blended East and West nature and culture the personal and the universal The critical establishment confounded largely ignored the work Readers however embraced Bugbee's lyrical philosophy of wilderness Throughout the 1960s and 1970s this philosophical daybook enjoyed the status of an underground classic With this paperback reissue *The Inward Morning* will be brought to the attention of a new generation Henry Bugbee is increasingly recognized as the only truly American existentialist and an original philosopher of wilderness who is an inspiration to a growing number of contemporary philosophers

**The Inward Morning : a Philosophical Exploration in Journal Form** Henry Greenwood Bugbee, 1958     *The Inward Morning* Henry Greenwood Bugbee (Jr.), 1958     *The Inward Morning* Henry Greenwood Bugbee, 1976     *Gabriel Marcel and American Philosophy* David W. Rodick, 2017-04-12 *Gabriel Marcel and American*

*Philosophy The Religious Dimension of Experience* examines the philosophy of Gabriel Marcel and its relationship to key figures in classical American Philosophy in particular Josiah Royce William Ernest Hocking and Henry Bugbee Few scholars have taken sufficient note of the fact that Gabriel Marcel's thought is vitally informed by classical American philosophy Marcel's essays on Royce offer a window into the soul of Marcel's recent philosophical development The idealism of early Marcel stemmed from an omnipresent sense of a broken world an experience of rent or tear within the tissue of experience similar to what John Dewey referred to as an inward laceration of the spirit Furthermore Marcel's intuition concerning the primacy of intersubjective experience can help us understand W E Hocking's thought Finally Marcel's notion of exigence ontologique clarifies his relationship to Henry Bugbee Marcel and Bugbee explore the contour of experience the indigenous circuit of associations pertaining to the self as coesse Through a reflexive act Marcel refers to as ingatheredness the self undergoes increasing degrees of unification by experiencing an act of faith made explicit only in a dialectical act of participation David W Rodick shows that Marcel's relationship to these American philosophers is not coincidental but rather the philosophical expression of his Christian faith Marcel's most important legacy is his commitment to unity of Christian philosophizing a unity derived from both reason and revelation Its diversity stems from the objective plurality of what is pursued as well as the subjective plurality of those who pursue it Christian philosophizing seeks a truth that every Christian believes can never be untrue to itself     *Dictionary of Modern American Philosophers* John R. Shook, 2005-01-01 The *Dictionary of Modern American Philosophers* includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions

for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

**The Inward Morning** Henry Greenwood Bugbee, 1961

**Wilderness in America** Henry Bugbee, 2017-08-08 The philosophy of Henry Bugbee defies traditional academic categorization Though inspired by Heidegger and American Transcendentalism he was also admired by the famous analytic philosopher Willard van Orman Quine who described him as the ultimate exemplar of the examined life Bugbee's writings are remarkably different in form and register from anything written in twentieth century American Philosophy The beautifully written essays collected here show Bugbee's continuing commitment that anyone who throws his entire personality into his work must to some extent adopt an aesthetic attitude and medium Together the book reintroduces a major thinker of nature an environmental philosopher *avant la lettre* who has much to contribute to American and continental thought

Pragmatism and the Philosophy of Sport John Kaag, Douglas Anderson, Richard Lally, 2012-10-26 Pragmatism and the Philosophy of Sport explores the philosophical significance of sport the phenomenological experience the training coaching and the competition from a uniquely pragmatic angle of vision The philosophical insights of John Dewey William James C S Peirce Jane Addams and Josiah Royce shed new light on the meaning of the physical practices that take place on our soccer fields national arenas backyards and playgrounds Interestingly a close examination of these contemporary practices allows us to understand a wide array of ethical epistemological and metaphysical commitments that the American pragmatic tradition has articulated for more than a century Pragmatism's insistence that truth be embodied in the practical consequences of everyday life its balancing of communal and individual purposes its emphasis on the role of chance and spontaneity in experience resonate with the findings of modern kinesiology and sport science

**The Inward Morning** Henry Greenwood Bugbee, 1958
