Faithful Witness in a Fractured World Dr. Nicole L. Johnson, Michael T. Snarr, 2019-09-11 Christians have always looked to models within the Christian faith to guide their lives At a time when the church is more identifiable by ugly partisan politics what we call crappy Christianity than by compassionate neighbor love this book highlights the lives and work of seven individuals who are pursuing their Christian calling in humility and profound love for and service to others this book highlights the lives and work of seven individuals who are pursuing their Christian calling in humility and profound love for and service to others Their commitments have led to vocations in working with homeless women employing refugees lobbying on Capitol Hill for environmental protection healing trauma in urban communities peacemaking in Israel Palestine advocating for immigrants and walking alongside people in addiction recovery Their individual and collective witness offer compelling examples of authentic Christian life which is marked in part by active embodied faith in pursuit of the common good a broad and inclusive love for all people rightly ordered political identities and loyalties and a commitment to work toward holistic redemption of both people and the systems that constitute our life together In contrast to much of contemporary American Christianity these models of faith demonstrate that Christians should focus much more on what we are for rather than what we are against

Emerging Evangelicals James S. Bielo, 2011-10 The Emerging Church movement developed in the mid 1990s among primarily white urban middle class pastors and laity who were disenchanted with America s conservative Evangelical sub culture It is a response to the increasing divide between conservative Evangelicals and concerned critics who strongly oppose what they consider overly slick corporate and consumerist versions of faith A core feature of their response is a challenge to traditional congregational models often focusing on new church plants and creating networks of related house churches Drawing on three years of ethnographic fieldwork James S Bielo explores the impact of the Emerging Church movement on American Evangelicals He combines ethnographic analysis with discussions of the movement s history discursive contours defining practices cultural logics and contentious interactions with conservative Evangelical critics to rethink the boundaries of Evangelical as a category Ultimately Bielo makes a novel contribution to our

understanding of the important changes at work among American Protestants and illuminates how Emerging Evangelicals interact with the cultural conditions of modernity late modernity and visions of postmodern Christianity

Synagogues in a Time of Change Zachary I. Heller, 2009-06-22 The synagogue remains a central institution in Jewish life as a place of study worship and assembly but each day brings word of a new challenging development within each of the larger movements to which synagogues belong Orthodox Conservative Reform and Reconstructionist Jewish religious communities today share a number of challenges from the increase in secular or unaffiliated Jews to emerging Jewish spiritual communities forming outside the synagogue There has never been a more compelling need for a wide ranging discussion of the diverse issues facing American Judaism Brought together by Zachary I

Heller associate director of the National Center for Jewish Policy Studies and an editorial team which included Rabbis David Gordis Hayim Herring and Sanford Seltzer twenty of the leading Jewish thinkers rabbis scholars authors professors activists and experts in the study of the American synagogue have contributed to this comprehensive collection of essays Each writer brings unique expertise and perspective in describing the development of contemporary religious movements denominations in American Judaism their interrelationships and tensions and their prospects for the future Their combined voices create a timely discussion of the many urgent issues bearing down on American synagogues Contributors to Synagogues in a Time of Change take on the changing dynamics of synagogue life its organization into movements and the organic changes taking place that are causing those movements to lose their coherence and strength both internally and as an attractive force for seekers of Jewish religious tradition and expression They address the current fiscal issues that face the movement organizations and the broader questions of their future stability as well as their significance and continued relevance to individual congregations Ultimately the book is a catalyst for personal reflection and public discussion on the past present and future of the American synagogue The issues faced by Judaism in America are not unique to Jewish religious movements Many of the issues facing synagogues will be familiar to those of all faiths Indeed the book includes an essay by Rodney L Petersen of the Boston Theological Institute on denominationalism nondenominationalism and postdenominationalism in American Christian communities that helps us see these parallels Religious groups of all kinds will find reflections of common struggles that can provide a vehicle for constructive conversations about their own pressing issues **All the Beautiful**

The Other Journal: Marxism *The Other Journal*, 2013-10-01 The literary critic and Marxist philosopher Fredric Jameson has said It is easier to imagine the end of the world than to imagine the end of capitalism The military social and political effects of capitalism are felt everywhere across the planet and even as we acknowledge the negative effects the imbalances of power the imperialist exploitations the social alienation we are captivated by its message of self sufficiency and success In this issue *The Other Journal* examines the potentially surprising intersections of Marxism
