The Kingman Report 1988:

Children's Difficulties In Reading, Spelling and Writing Peter Pumfrey, Colin Elliott, 2013-10-15 Reflects a wide range of issues regarding children's literacy problems mainly at the primary school level The purposes of the book are twofold in part 1 to identify some challenges in the field of literacy and in part 2 to give an account of **Language and Education** British Association for Applied Linguistics. Meeting, 1996 The papers in this collection discuss educational applied linguistics discourse language policy and education professional culture in language education and learner language in educational settings *The Cambridge History of the English Language* Richard M. Hogg, Norman Francis Blake, Suzanne Romaine, Roger Lass, R. W. Burchfield, 1992 The volumes of The Cambridge history of the English language reflect the spread of English from its beginnings in Anglo Saxon England to its current role as a multifaceted global language that dominates international communication in the 21st century **The Great Literacy Debate** Andrew Goodwyn, Carol Fuller, 2012-03-29 The nature of literacy is an issue of global debate When the National Literacy Strategy NLS was introduced into UK schools it was arguably the most ambitious educational reform programme in the world and the controversy necessarily intensified How can the impact of such reforms be assessed In its ten year history the NLS affected every primary and secondary teacher in the country and therefore every child The initiative provoked a widespread recognition of the importance of literacy for all children and attracted the attention of many other governments This book is the first definitive and objective review and evaluation of the impact of these literacy reforms With contributions from the most respected experts on literacy and English from the UK and from across the world this unprecedented critical examination explores How teaching policy and practice were impacted by the reforms How the NLS came into being how it was operated what it did and did not achieve What we can learn from its successes and failures The most important aspects of the reforms from policing grammar to the impact of The Literacy Game and informed prescription on teaching Whether you are a policy maker or classroom teacher this book is an invaluable resource to anyone concerned about literacy It provides readers from around the world with a genuine and evidence based perspective on this immense initiative lucidly evaluating the lessons learned from both its ambitions and its failures Race and Ethnicity in Education Ranjit Arora, 2018-01-18 This publication is primarily intended for teachers student teachers and for staff in teacher training institutions It will also be of use to staff in further higher and adult education It is primarily about issues of race and ethnicity in education and includes an examination of the relationship between policies and practices concerned with equal opportunities both in schools and in teacher training institutions The central theme of this book is the preparation of all teachers through initial teacher training to implement equal opportunities in schools and to provide education for a positively diverse society A secondary theme is that of the recruitment training and employment of minority ethnic teachers in British educational institutions The organization of this book allows the author to address the two central issues as identified above in the context of policies and practices as they have developed over the last

two decades It begins with a discussion about equality in the context of issues of quality followed by a discussion of race and education in its historical context It includes a historical and contemporary review of issues concerned with two major aspects of teacher education in relation to ethnic minorities Recent developments in initial teacher education and issues of partnership with schools are explored with a view to identifying the needs of schools The book ends with an in depth discussion of equality assurance in education and offers a framework for permeation as well as an agenda for action for all concerned with education
