In The Best Interest Of The Child, A Manual for Divorcing Parents Baksh Nadir Psy. D., Laurie Elizabeth Murphy, 2013-02 This book is a manual for parents who are divorcing Written by a licensed clinical forensic psychologist and a Ph D nurse counselor its purpose is to help parents save their children unnecessary anguish throughout the divorce process The advice and direction contained here are eminently practical detailing what adults can expect from a custody battle what they will encounter in themselves and in their children emotionally physically mentally during divorce helping parents to make sense out of their children s questions offering guidance in making decisions for themselves and their kids and explaining the ultimate importance of putting the child s needs first What makes this book different and invaluable is that the authors refuse to take a sugar coated or willy nilly approach They have witnessed firsthand too much pain and suffering in families during divorce to hold back their strong direct words and warnings We are not afraid to take a stand they declare up front In fact we believe it is our duty to underscore the needs of your children so they don t get lost or disappear underneath legal paperwork While they fully understand that adults do not set out to cause damage to their children they also know that any divorce if not handled properly will absolutely cause serious problems to children Such proper handling must include a strategically planned blueprint that maps out a child s need for emotional health and well being In The Best Interest Of The Child guides the divorcing adults in the drafting of such a blueprint Without it they plead your children s lives will quickly stagnate or suffocate in the mire and muck created by spousal mud slinging and attorney posturing The tone of the book while uncompromising also generates strong credibility for the author s words and easily inspires confidence in their readers Years of experience as therapists and family counselors allow the authors to present their material with authority sanity and genuine wisdom Topics covered include what to expect when you are divorcing the stress and fear that children take on the need for extra vigilance and care toward children softening or preventing the custody battle the hidden needs of children and dealing with an uncooperative spouse

then as a frustrating means to some end How cool is that VERY Now read on **The Manual for the Demon King to Pamper His Wife** Jeffrey Sanders,2017-12-30 Xiao Ran woke up slowly and felt as if something was constantly moving at the tip of his nose The tingling feeling made him panic and he couldn't help but want to sneeze Slowly opening his eyes he saw a beautiful face He was startled for a moment then smiled bitterly and said Mom why do you always come to tease me so early in the morning You won't even let me get a good night's sleep The Manual of Successful Storekeeping William Rowland Hotchkin,1915 *The Manual* David J. Nowel,2014-12-05 This book is controversial because it attacks a system that has been around for a hundred or more years It stings the male ego The book is provoking and it attacks the foundation of our society's hypocrisy especially the male's relationship to woman It follows after the author's first novel Spacestation ARK that shows a way in the future for fulfilling the male's sexual needs This is a harsher book not a men are from Mars and women are from Venus but a book of how men are from the Sun and women are from Pluto Its a tongue in cheek dialogue that every man will understand We say it with every breath we breathe We can't live with them and yet we can't live without them But we wish we could find a way to live without them for just a while longer I know the humor of it all will show through because as males we have all been there in some way or other For Males Only is a manual for men advice to men on methods to avoid relationships with women The result and reward for following the program as outlined is to either make more money or to end up keeping the money rather than spending a lot of time just wining and dining The advice given will most definitely serve its purpose if followed religiously This advice if you will is by no means meant to be a guide on how to avoid women completely however in some cases you may want to Ex wives goldiggers unless shes digging gold for you and neurotics should be taken off your list of potential dating material even if she does insist on picking up the tab or meeting you half way In other words its your way or no way This indeed is a must have for any library particularly yours
