fiction classic *The Island of Doctor Moreau* asks the reader to consider the limits of natural science and the distinction between men and beasts. A strange mix of science fiction, romance, and philosophical meandering, it is one of the standards of early science fiction. It begins with the protagonist, an upper class gentleman named Prendick, finding himself shipwrecked in the ocean. A passing ship takes him aboard, and a doctor named Montgomery revives him. He explains to Prendick that they are bound for an unnamed island where he works, and that the animals aboard the ship are traveling with him. Prendick also meets a grotesque bestial native named M'ling, who appears to be Montgomery's manservant. When they arrive on the island, however, both the captain of the ship and Doctor Moreau refuse to take Prendick. The crew pushes him back into the lifeboat from which they rescued him, but seeing that the ship really intends to abandon him, the islanders take pity and end up coming back for him. Montgomery introduces him to Doctor Moreau, a cold and precise man who conducts research on the island. After unloading the animals from the boat, they decide to house Prendick in an outer room of the enclosure in which they live. Prendick is exceedingly curious about what exactly Moreau researches on the island, especially after he locks the inner part of the enclosure without explaining why. Prendick suddenly remembers that he has heard of Moreau and that he had been an eminent physiologist in London before a journalist exposed his gruesome experiments in vivisection.

The ship is transporting a number of animals which belong to Montgomery. As they approach the island, Montgomery's destination, the captain demands Prendick leave the ship with Montgomery. While he wanders, he comes upon a group of people who seem human but have an unmistakable resemblance to swine. As he walks back to the enclosure, he suddenly realises he is being followed by a figure in the jungle. He panics and flees, and the figure gives chase. haired man time to come up with him and deliver a tremendous blow between the shoulder blades The poor devil went down like a felled ox and rolled in the dirt among the furiously excited dogs It was lucky for him that they were muzzled The red haired man gave a yawp of exultation and stood staggering and as it seemed to me in serious danger of either going backwards down the companion hatchway or forwards upon his victim So soon as the second man had appeared Montgomery had started forward Steady on there he cried in a tone of remonstrance A couple of sailors appeared on the forecastle The black faced man howling in a singular voice rolled about under the feet of the dogs No one attempted to help him The brutes did their best to worry him butting their muzzles at him There was a quick dance of their lithe grey figured bodies over the clumsy prostrate figure The sailors forward shouted as though it was admirable sport Montgomery gave an angry exclamation
