The Joe Public Guide To The Jewish Phenomenon:

The Joe Public Guide to the Jewish Phenomenon Joe Castello, Colin Richardson, 2014-11 In 2012 Joe Castello read in a news magazine that the global population of Jews was only about 13 million and thereby was inspired to make the study you will find in these pages He was already fascinated by Jewish culture and the land of Israel following his visit in 1993 He was amazed to find that such a small population and its ancestors have had an irreplaceable impact on the world by virtue of their determination tenacity and way of life The book celebrates the number for example of Jewish Nobel prize winners those in academia the arts commerce and show business to name but a few Many household names are mentioned all featured in their own field Joe Castello is a Gentile and hopes that others like himself will through his work gain a little insight into a fascinating heritage [Index to Jewish Periodicals](#) ,2003 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests [Guide to the American Right](#) ,1991 **American Book Publishing Record** ,2007 [APAIS 1992: Australian public affairs information service](#) , **Encyclopedia of Jewish American Popular Culture** Jack Fischel,2008-12-30 This unique encyclopedia chronicles American Jewish popular culture past and present in music art food religion literature and more Over 150 entries written by scholars in the field highlight topics ranging from animation and comics to Hollywood and pop psychology Without the profound contributions of American Jews the popular culture we know today would not exist Where would music be without the music of Bob Dylan and Barbra Streisand humor without Judd Apatow and Jerry Seinfeld film without Steven Spielberg literature without Phillip Roth Broadway without Rodgers and Hammerstein These are just a few of the artists who broke new ground and changed the face of American popular culture forever This unique encyclopedia chronicles American Jewish popular culture past and present in music art food religion literature and more Over 150 entries written by scholars in the field highlight topics ranging from animation and comics to Hollywood and pop psychology Up to date coverage and extensive attention to political and social contexts make this encyclopedia is an excellent resource for high school and college students interested in the full range of Jewish popular culture in the United States Academic and public libraries will also treasure this work as an incomparable guide to our nation's heritage Illustrations complement the text throughout and many entries cite works for further reading The volume closes with a selected general bibliography of print and electronic sources to encourage further research **A Second Exodus** Murray Friedman,1999 A first time chronicle of the US Soviet Jewry Movement *Monty Python's Flying Circus* Darl Larsen,2008-06-13 In 1969 the BBC aired the first episode of a new comedy series titled Monty Python's Flying Circus and the rest as they say is history An instant success the show ran until 1974 producing a total of 45 episodes Despite the show's very English humor and allusions to many things British the series developed a cult following outside the U K particularly in the United States Known for its outrageous humor occasionally controversial content and often silly spirit Monty Python's Flying Circus poked fun at nearly all institutions domestic or foreign grand or intimate sacred or not Indeed
